WE NOMINATE

George William Loos, Jr., one of this educational center's able and long-visioned administrators, who for well over three decades has effectively been dividing the years between his duties at The Princeton Theological Seminary and eminently worthwhile community undertakings. Retiring this month as Treasurer and Business Manager of the country's oldest and largest Presbyterian Seminary, which since its founding in 1812 has trained nearly 13,000 students, Loos completed his education here in the early 1920's, laid the groundwork for his career in war-ravished China and became a full-time Princetonian in the hot summer of 1927.

Married in the Orient to the former Esther F. Moody, a Northfield-Wellesley alumna and the daughter of the great American evangelist, and now the grandfather of three, Loos in his period of distinguished service at the Seminary has played major roles in its dramatic and continuing development. It was in 1913 that the Seminary acquired the 30-acre tract and buildings belonging to the "old" Hui School. The School of Christian Education was inaugurated in 1941, the Administration Building was completely remodeled in 1945-46, the Campus Center was opened in 1952 and the spacious Robert E. Speer Library, replacing structures that had stood since 1843 and 1879, was dedicated in 1957.

The son of a Haddonfield businessman, this 65-year old native of New Jersey has made a habit of getting an hour's work done in an hour ever since he started working his way through Princeton University. In the same way he has down through the years made time for such demanding activities as the Princeton Adult School, the Young Men's Christian Association, the United Community Fund, the Borough Board of Edu-

cation and the Red Cross, he combined college studies with self-help ventures and at one time even earned his board by directing the only jazz orchestra ever to play regularly, and with official sanction, in the University Dining Halls.

Loos' first post-college job was as a teacher in Peking, China, where for two years he struggled with English classes in the YMCA-sustained Peking School of Commerce and Finance. A brief sojourn back in the States was followed by a two-year tour as the chief business officer of Gingling College in Nanking, China, one of the major objectives of Chiang Kai-shek's Northern Expedition of 1927. The first Chinese National Division to "hit" Nanking ran amok and drove all foreigners before it, forcing the Looses and their associates to hide overnight before escaping under protective fire from American gunboats.

With all of his "outside assignments," including the Clerkship of the Sessions of the First Presbyterian Church and posts in the Presbytery of New Brunswick, Loos has also developed one of Princeton's most unusual hobbies. He is enthusiastic about tennis, hiking and bird watching, but his year-round avocation has been collecting and renovating antique clocks. His concern over educational problems, or over the issues confronting other organizations, has been matched by his interest in this highly specialized branch of antiquity. He finds antique shops irresistible and at one count his workshop was lined with 21 clocks of widely varying ages and shapes.

For flourishing in a profession which is "persistently challenging and insistently demanding"; for constantly shouldering more than his fair share of community responsibilities; for knowing that action is the only really effective kind of eloquence; he is our nominee as

This Is PRINCETON

A MATTER OF YEARS
Princeton '34 and '64. Of the many University classes taking part in this weekend's Reunion and Commencement, one will be marching down Prospect to the Princeton-Yale baseball game as part of its 30th reunion — the vaunted Clansmen (as they call themselves) of 1934. Another will be those joining the long orange-and-black line of Princeton Alumni for the first time — members of the Class of 1964.

In 1934, when the Clansmen graduated, they stepped out into a troubled world. The deep financial depression, which started in 1929, still made jobs hard to find — nearly four out of ten members of 1934 were "undecided" about their futures at graduation time.

As one 1934 alumnus wrote later: "I was forced to take a job under a Yale man, who, in typical fashion, put me on the payroll (at no pay) for the first three months. I rose rapidly and at the end of a year was making \$25 a week. This was too rich for my boss's blood — and he fired me."

Members of the Class of 1964 have no such problem as they prepared to depart from the shadow of Nassau Hall. Graduate school in law, business, medicine, engineering and many another specialty has become the next step for about two out of three, as indicated by a sample tabulation of 1964's plans.

An A. B. Isn't Enough.
"An A. B. degree, or its equivalent is no longer enough to interest most companies," says one senior. "Graduate school has become virtually a must."

In comparison with 1934 at graduation, then, much of the Class of 1964 doesn't consider college the climax of its education. It's merely a step along the way for most, "with about the same relationship to graduate work as the preparatory school had to Princeton in 1934," is the way one expressed it.

Preparatory school attendance is another marked difference between the Classes of 1934 and 1964. In the 30 intervening years, the proportion of private to public school graduates has just about been reversed.

In 1934, almost all Princeton students came from private preparatory schools, although some may only have attended one for a year "to get the rough edges smoothed off," as it was then expressed. In the Class of 1964, by contrast, about two-thirds of the sample under study had come to Princeton directly from public high schools. The supposed "rough edges" are now considered of less importance than "academic potential," that favorite phrase among today's educators.

PRINCETON FATHER '34, SON '64: Robert C. Kuser of Rosedale Road is a member of Princeton's Class of 1934, celebrating its 30th Reunion this weekend. Showing him the new year book is his son Robert Jr., '64. For some noteworthy comparisons between the two classes, see story, this page.

Size Is Relative. Although Princeton is still a relatively small university, size of class is another indication of the marked difference between 1934 and 1964. The Clansmen of '34 entered with a headcount of 631 as "Princeton's largest and youngest freshman class" up to that time. About 150 graduated four years later, with marks, finances and the like causing approximately 28% to drop out along the way.

The Class of 1964, on the other hand, entered with nearly 200 more members (827 in all) than did their predecessors of 30 years ago. And, because of such factors as improved methods of selection and greater opportunities for financial aid, an estimated 732 will graduate on Tuesday — an attrition rate of only 10%, or about one-third that of the Class of 1934.

Difference at age of graduation is another characteristic in which 1934 differed from the present graduating class. Despite '34's being labeled "the youngest" when it entered, the Class of 1964, based on sample tabulations, averages some six months younger than '34.

An indication of relative differences in physical characteristics between the two eras is also possible through comparison of the two football squads (granted that football squads are hardly representative of the average, either now or in 1934).

The squad that played for Princeton during 1934's senior year averaged six feet in height and 174½ pounds. In the class of 1964's last season, average height was also six feet — but average weight, according to the roster, was up 16 pounds per man to 190. Probably a solid endorsement for the use of supplementary vitamins, among other things.

Sturdier Now. An inspection of the year books for the two periods would seem to bear out this weight increase as general. Princeton seniors in 1934 hardly looked undernourished or catatonous. Slim would be a more accurate term. For 1964, however, the impression is one of greater sturdiness, most of it built of lean tissue, not of lard.

The football team in 1934's senior year might have been lighter than last fall's. But, by any other measurement it was exceptional.

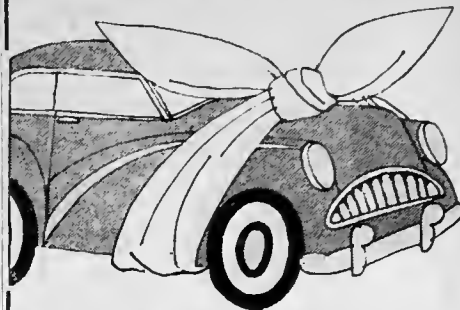

It was the only unbeaten, untied major team in the country, one of Herbert O. "Fritz" Crisler's best Princeton squads. It knocked off nine opponents in a row, scoring 217 points to a mere eight tallied against it — and those eight, a touchdown by Rutgers and a safety by Yale, not coming until the final two games.

It gained a total of over two miles in yardage during the season — a distance which would be easily comparable to that run up during 1964's day of more wide open play. In fact, the team then was to complete two seasons, minus the aid of 1934's standouts, with only one loss, a 7-0 heart-thumper by Yale.

'34's Leading Man. Captain of 1934's champions was Arthur S. Lane, now a judge in the U. S. District Court at Trenton, who was just about everybody's everything in the class's senior poll. Class president for all four years, Lane was elected "best all-around man," "most respected," "most popular" and "done most for the class."

A stand end on the team was R. Kenneth Fairman, now — Continued on Page 2

Princeton's director of athletics and longtime mayor of Princeton Township, who won eight letters while in college and, understandably, election by his classmates as "best all-around athlete." He also was singled out as "handsomest" and proprietor of the "best build."

While there are no comparable multi-winners in the poll of the Class of 1964, some of the recent nominees point up further differences in the two classes separated by 30 years, and one similarity. The similarity is in choice of "best women's college": Vassar.

Differences include "favorite author": In '34 John Galsworthy; in '64, Ian Fleming. Favorite magazine: In '34, "The New Yorker"; in '64, "Playboy." Favorite actress: In '34, Lynn Fontaine; in '64, Yvette Mimieux. Favorite actor: In '34, Walter Hampden; in '64, Albert Finney.

As a small but significant link-up between '34 and '64, Princeton English Professor E.D.H. Johnson '34 was chosen this year as "most impeccably dressed" by members of 1964.

... And Yet. In spite of the differences in background between the Princeton Class of 1964 and the current seniors and the much narrower geographical distribution then compared with the present, there are bonds of kinship other than just being Princetonians which tie the two groups together.

For one, they both were involved in major riots: '34 as freshmen, '64 as juniors. Only the name has changed. For 1934, it was deplorable by the University administration as "hooliganism." For 1964, it was simply called "hooliganism."

But, just as '34 outgrew its hooliganism, prospered mightily and now returns to mark its 30th Reunion in relative peace and quiet (with the aid of a couple of Dixieland bands, one made up of classmates), so will '64 overcome any tendencies to hooliganism. It too will prosper mightily and, almost before it realizes it, will be coming back to its 30th. "Only," as one member of '34 hopes for those 30 years his

20 '34 Men Live Here

Princeton's Class of 1934 has more members living in Princeton than any class preceding it — and more than most that follow. Of the 20 members of '34 who are residents, six are on the University's administrative staff or faculty, four are in business here, the rest commute to work:

John F. Bales, 69 Laurel Road; William R. Bonthron, The Great Road; Charles A. Coppinger, 291 Dodds Lane; William R. Cosby, 230 Brookstone Drive; John C. Diehlmann, 50 Alhson Road; John L. Dunning, 168 Prospect Avenue; E. Kenneth Fairman, Rosedale Lane; Armand L. Fell, Lawrenceville Road; Edgar M. Gemmell, Province Line Road; Frederick H. Harbison, 114 Fitz Randolph Road.

E. Dudley H. Johnson, 19 Linden Lane; Alexander W. Kerr, 717 Rosedale Road; John E. Kerney, 142 Hodge Road; Roger B. Kirkpatrick, Cherry Valley Road; Robert C. Kuser, 644 Rosedale Road; Frederick P. Lawrence, 177 Library Place; John V. Maple, 739 Prospect Avenue; Joseph W. Miller Jr., Princeton Pike; Ralph K. Ritchie, Province Line Road; and James W. Samuels, 75 Jefferson Road.

PTA RAISES \$2,400

For Scholarships. A record sum — \$2,400 — was raised this year by the Princeton High School PTA Scholarship Committee. The sum is 22% higher than last year's.

The committee raises its money by taking magazine subscriptions, either new or renewal and allocating the commission rate (as high as 50% in some cases) to the scholarship fund.

All the money will go to Princeton High School students graduating this June, and the students will learn who the winners are this Sunday at the Convocation and Awards Program.

Mrs. H. W. Leverenz has been chairman of the committee, assisted by Mrs. C.A. Stokes, Mrs. Henry W. Pierce Jr. and Mrs. Frederick C. Wrightman Jr. Next year's chairman will be Mrs. C.L. Sonnenschein, with Mrs. Edward F. Eicher serving as assistant treasurer.

Subscriptions are accepted all during the year, including the summer months, and anyone who would like to place a subscription may do so by sending a check to Scholarship Fund, Princeton High School, Princeton.

TOPICS Of the Town

SCHIDL STUDY RELEASED
Township Group Reports. A half-inch thick booklet, bound in bright and hopeful yellow-orange, made its appearance in Princeton this week.

It is the "Report of the Citizens' Advisory Committee on Long-Range School Planning for the Princeton Township Schools"—eighteen months in preparation by a volunteer staff of 13 Township citizens.

TOWN TOPICS, in the longest single article it has ever carried, presents excerpts from the report on pages 23, 24, 25 and 26 of this week's issue.

The Citizens' Committee was appointed by the Township Planning Board in late September, 1962, with a target of June, 1964 for the final report. The committee was asked to study the Township school system and make recommendations for development to the year 1975.

Herbert S. Bailey Jr., served as chairman. Other committee members are Mrs. George Fremon, vice-chairman, and Max D. Blumenfeld, Mrs. Seymour Bogdonoff, Lester V. Chandler, Miss Katherine Lyons, Simon Marson, Glen B. Miller Jr., Mrs. W. Donald Rugg, Frank C. Shoemaker, Mrs. Harold Sprout, Mrs. William H. Sword and James E. Ward.

Work. But Rewarding. "It was a stimulating and satisfying experience," says Mrs. Fremon, "one of the most educational things I have ever done. And it was a wonderful group of people to work with—it's exciting to see a lot of bright people eagerly at work on an important job."

The committee was blocked out into four sub-committees: Population, Finance and School Sites, Educational Factors and High School. Mr. Bailey and Mrs. Fremon were unassigned, and spent their time meeting with all the other sub-committees.

All 13 Committee members read, listened, interviewed and discussed. They talked to all Township principals, to teachers, members of the administrative staff and school board members. They assembled a tidy shelf of books—some borrowed from school officials, some taken from the library, some purchased—and they informed themselves on general trends in contemporary education, and on teaching devices like non-grading, multi-grading and the like.

"We were all laymen, remember, and we all started out with great areas of ignorance," Mrs. Fremon says.

And Listening. Besides reading, the Committee listened. Princeton University's Director of Admissions addressed them on "What makes a good high school." The superintendent of schools of Scarsdale came to Princeton for a talk. Officials

Magers, Princeton Hospital trustee, and son Charles Jr., 7, show the results of a visit to the make-up booth at the Fete. (Alan W. Richards Photos)

from the New Jersey Department of Education were invited to speak.

All during the winter of 1962-63, the Educational Factors Sub-committee met with teachers from every conceivable school department, from gym to science. The High School Sub-committee conferred with the Princeton High School staff, sat in on classes, and visited a high school in northern New Jersey.

The Population sub-committee worked with the Office of Population Research, and with school board members Mrs. Jess Epstein who had previous experience with a school census. PTA volunteers went from house-to-house in the Township asking population questions of Township

householders. (One table in the report provides information on the fertility of Township women.)

The report comes from a unanimous committee. There is no "minority report." Final sub-committee reports were finished during the past winter, debated, re-written, debated again.

COLORFUL WEEKEND DUE
Graduation Follows Reunions. A six-day program highlighted by the annual alumni reunions and climaxed by the 217th commencement ceremonies will start this Thursday for Princeton University.

Early arrivals are already on hand for some of the major reunions, with approximately 4,000 alumni expected by the time the gaily-costumed, float-studded parade is held on Saturday. The Class of 1939 as the "Quarter-Century Class" will lead the others, with some 300 of its members returning to the campus for a four-day program.

The oldest class returning for a formal reunion will be 1899, which received its diplomas 65 years ago this month. All other classes ending in "4" and "9", from 1904 through 1959, will stage major gatherings, with 1914 back for its 50th.

The parade will begin in

Round-Up

TUESDAY very nearly started off with a bang for Mrs. Edward O'Kane of 27 Linden Lane . . . when she opened her front door, she found a 75mm Howitzer shell on her doorstep . . . investigating Borough police reported that the 25-to-30 pounder had fortunately been deactivated.

LIVING in an automobile may not be such an economical way of life after all . . . Simon Chaveis, who could furnish no address when brought before Magistrate Theodore T. Tams Jr. for giving false information in applying for a driver's license, was fined \$205 on the charge . . . police say he calls his car home.

ADVANCE ARRIVALS for the international rally to be held here by the Wally Byam Caravan Club are already on the scene on the Neuro-Psychiatric grounds at Skillman . . . estimates are that as many as 3000 trailers bringing close to 10,000 persons will encamp in the area during the height of the rally from June 22 to July 6.

Participants expect to visit the World's Fair in New York, historic sites in Philadelphia and the numerous places of interest in Princeton . . . a steady program of entertainment at the rally site is also planned, with a parade featuring marching groups, floats and a Teen Queen one of the highlights of the stay here.

UNSCHEDULED NOISE breached the peace on Tuesday . . . at 7:32 a.m., a mild explosion occurred in the Public Service excavation in front of Davidson's at 172 Nassau Street . . . police reported that "some electrical gear blew" while underground cables were being installed for new office buildings in the area.

AN HOUR LATER, every fire siren in town sounded off for almost three minutes . . . the cause was listed by Fire

Reunion Prayer

Don't let it pour
On "Oughty-Four"!

If "Oughty-Four" and the thousands of other alumni back this weekend stay dry the entire time, it will be unusual.

Humidity and showers go together, and this week the humidity took its first real move upward as summer prepared to follow spring across the seasonal stage. In fact, the long-range forecast through Sunday calls for showers at least twice before the weekend is over.

It's a rare occasion, however, when rain seriously mars reunion festivities. For details, see page 28.

Chief Robert Mooney as a short circuit.

THE TOTAL TAKE from Saturday's Princeton Hospital Fete is still being counted, but word is that "it was the most successful Fete ever." . . . This would put the net profit above the \$31,000 cleared last year, everything else being equal . . . The T-bird lucky number was held by Robert E. Dougherty (for the second time in four years), as most unlucky ticket holders now know.

Statisticians assure us, and we'll take their word for it, that Mr. Dougherty's chances of winning this year were no better and no worse than if he'd not won before . . . Meanwhile, however, there's word that, to rule out such chance repetition in the future, the Fete may invoke an "only one car to a customer" regulation . . . Mr. Dougherty's newest T-bird is said to have cost him exactly \$15 (six tickets at \$2.50 each) — plus taxes (of over \$1000).

AS THE PRINCETON CLASS of 1939 opens its 25th Reunion, all is not well in the den of one old Tiger . . . Seems his wife sent off a bolt of '39's costume material to her dressmaker with instructions to make up a dress for herself and each of her daughters . . . The dressmaker cut and stitched and sewed — and last weekend delivered the finished products — with all of the tiger figures in the pattern upside down.

FORMER GOVERNOR Robert B. Meyner, who maintains a home on Lovers Lane, has been chosen by the nation's cigarette manufacturers to administer their new advertising code . . . the task is big enough so that he envisions hiring a staff of as many as 20 to see that proposed advertisements for magazines and newspapers and radio and TV commercials measure up to the requirements.

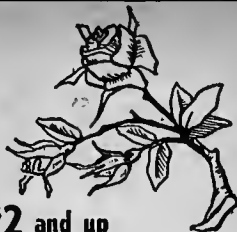

THE CODE bars advertising directed primarily at those under 21, and also prohibits claims that smoking is essential to "social prominence, distinction, success or sexual attraction" . . . the former governor, who practices law in Newark, admits to being a "soft-again, on-again cigarette smoker."

SLASHING of convertible tops continues . . . Manfred K. Puper, 650 Rosedale Road, told Borough police that between 9 and 11 on the night of June 5, the top of his small foreign car sustained two 10-inch cuts while it was parked on Spring Street near Vandeventer.

APPROVAL has been given by the State to the joint Borough-Township application to acquire 60 acres of land under the Green Acres program . . . New Jersey will provide \$82,150 as half of the cost of the purchase price . . . the two municipalities originally planned to buy 37 acres and had asked for \$37,500 in state aid but later increased their proposal.

PRINCETONIANS are laughing over the story that was in the New York Times (of all places) about the electrician in the theatre where the Folies Bergere is being staged . . . told that all the girls were sunbathing nude on the roof, he hustled up, came right back and said disappointingly, no, there were only five of them.

AS CALIFORNIA GOES... so goes the Republican party, says Horace Laning, adding it is not Goldwater, who else have they got? For more on Goldwater, the implications of his victory in California and on Republicans in general, see below.

Question of the Week

Question: What do you think of Goldwater's victory in California?

Where asked: Nassau Street.

Horace Laning, Trenton, butcher for Hawley's Meat Market, Witherspoon St.: I was surprised in a way. As far as the Republicans are concerned, I feel the same could be applied to California as it has to Maine. As California goes, so goes the Republican Party. It's hard to say if he'll get the nomination but who else have they got? You have to look at it that way. I think he's pretty popular, myself.

Mrs. Frederick E. Seiler, 376 Jefferson Road, housewife: I don't think Goldwater won by a wide enough margin to insure his getting his nomination at the Republican national convention next month in San Francisco. In any case, this is a sad commentary on the Republican party if this is the best candidate they can produce. The awful thing is they don't have anybody else.

Mrs. George Patrinos, Skillman, housewife: I'm surprised. It's hard to say what the implications are. I don't feel civil rights was a strong issue out there as it is in the east so that may be one reason why Goldwater won. Also, he's from that area anyway. I'm still hoping Rockefeller will get it because I don't feel Goldwater is the answer. He's too unprogressive for these times. These are historical times; we're making history... there's a lot of unrest now. It's hard to say what would happen if the wrong man got to be head of the government.

Clarence Brown, Trenton, assistant Professor, Slavic languages, Princeton University: I have mixed feelings. As a Democrat, I'm very glad to see the Republicans nominate a sure loser. On the other hand, as an American, I don't think the weakening of the two-party system that might result from the total disability of the Republicans is a good thing.

Mrs. Malcolm Hohrbough, Lakeside Apartments, housewife: In a word, not much. Contrary to what Goldwater believes, I don't think he represents the mainstream of Republican thought.

Richard P. Meister, Flemington, vice-president, First Princeton Corporation: At long last, the American electorate can choose between a genuine conservative and a genuine liberal. I believe it is a great victory for grass-roots Republicanism. For the first time in 30 years, we have a real Republican.

Mrs. Ann Nawawi, King Street, librarian, Princeton Public Library: All I can say is I hope he doesn't get the nomination. God forbid. I think he's an irresponsible man and I don't approve of any of his ideas.

Miss Carla Appel, Roosevelt, secretary civil engineering department, Princeton University: What did I think about it? Not too much. Do you know what I think? Goldwater in '64; hotwater in '65.

William Crowley, Borden-town, art student and employee of Gallup and Robinson's film department: I don't consider it to be a victory, to be honest. It was so close, it's hardly a victory. Frankly I think it's a shame if Goldwater gets the nomination because of his victory in California.

Mrs. Karen Komar, 403-A Butler Avenue, housewife: Personally, I'm very sorry he won out there. I feel he represents irresponsible elements in the Republican party, and this gives him a better chance, of course, of getting the nomination. But, in the long run, it might be a good thing because I feel the issues would be better clarified in a contest between Johnson and Goldwater than between Johnson and Rockefeller. There isn't that much difference between Republican liberals and the Democrats. So, I don't think it's good that Goldwater won — I think he'll inevitably be defeated by Johnson — but it might be good in the sense that his views will be put aside once and for all.

Frederick A. Cook, 61 Gullick Road, assistant personnel director, Princeton University: I'm disappointed. I'm a registered Republican but I haven't yet found a candidate I wish to back so I wouldn't have been much happier if Rockefeller had won. However, I would have preferred Rockefeller over Goldwater as the lesser of two evils. Goldwater has too many wild ideas on his foreign policy to suit me.

William Stults, Yardly, Pa., manager for investigating firm: I feel it put him in a pretty good spot but I still don't think he'll get the nomination; he's too far to the right. I don't think Rockefeller's going to get it either but I'd just as soon he won in California. It would have put him in a better position to throw his support to Nixon or Seranton.

Mrs. Donald G. Herzberg, 171 Shady Brook Lane, housewife: I'm a dyed-in-the-wool Democrat so they could have run their party's elephant for all I care. I think most people just didn't care for Rockefeller and that Goldwater was the least of two bad choices.

Miss Jane Turner, W. Delaware Avenue, Pennington: I think it's really going to mean a better chance of Johnson winning. I think too many people are afraid of what Goldwater's going to do or what they think he's going to do. I have my doubts if he were president whether he'd be able to do everything he said he'd

News Of The THEATRES

THE BAR IS OPEN
Six Nights Only. Those "Ten
Nights in a Bar-room" turn out
to be only six when you count
the number of performances
scheduled by the Princeton
Community Players for their
spring melodrammer.

"Ten Nights" will open this
Friday at 8:30 and will play
again this Saturday at the same
time. It will also be offered
the following two Friday and
Saturday evenings, June 19-20
and 26 and 27, all at Murray
Theatre on campus.

In the Murray Theatre court
— a change of location from
previous years — members of
the audience may gather under
intermission for free light
refreshments, and some al
fresco entertainment at con-
venient tables. Weather, as the
saying goes, permitting.

TRIANGLE PLANS RE-RUN
"Funny Side Up" Revived.
The 75th anniversary produc-
tion of the Princeton Triangle
Club will be repeated for re-
union audiences this weekend in
McCarler Theatre. Perform-
ances will be given Friday and
Saturday nights at 8:30.

In memory of bright years
gone by, a number of the songs
from other Triangle hit shows
are included in "Funny Side
Up." Among them are "Ships
That Pass in the Night," from
the 1924 production, "Drake's
Drum," and two authored by
the late Brooks Bowman. They
are "Love and a Dime" and
"East of the Sun," the latter
still often heard on radio disc
jockey programs.

On the modern side, "Vols-
wagen Mania" is a satire of
life on the highways of 1964,
while another highlight of the
show is the traditional "all-
girl," high-kick chorus line
that never fails to delight au-
diences. "Funny Side Up"
drew rave notices on its Chris-
mas tour and played to cap-
acity crowds in New York for
its final two performances last
winter.

Tickets are available at the
University Store, and will be
at the box office Friday and
Saturday nights.

In "Broadway," Griffin will
portray a small-time hooper
who plays a nightclub during
the prohibition era. There will
be girls, girls, girls, and some
song-and-dance routines which
Griffin himself has added to
the original comedy.

"Broadway" was first pro-
duced in 1926 with Lee Tracy
as the star. George Abbott is
still going strong, with "Never
Too Late" and "Fade Out-
Fade In" as his current offer-
ings.
"Camelot" continues to draw
the crowds to the Music Circus
at Lambertville with its Ler-
ner-Loewe tunes and lyrics.
The musical will play its final
performance this Sunday, to
be followed next Tuesday by
a one-week run of Cole Port-

GOING BACK?

Start at University Store. The dignity of the Princeton seal and the frisk of the Princeton tiger appear on all kinds of objects these days (see box), and if you want a full inventory for this Reunion Weekend, stop at the novelty department of the University Store and browse awhile.

Latest in the collection is a group of milky white plastic accessories, priced around \$1 to \$1.75. Here's a shower cap with tiger, a make-up cape, an apron with a bib top and a free-swinging pocket on which the tiger does acrobatics.

Rubber pants are for your tiger cub and so is the delightful "Sandboxer," romper. It's made of white terry, edged with blue, and printed with an orange tiger and "Princeton" for \$2.25. Seen the bib that says "I'm a little angel from Princeton?"

You know about the black-white-orange knit hoodies, of course, but do you know all the other kid stuff? The black, all-wool cardigans with orange "P"? The black-neck white tee shirt? The sweat-shirts in black, orange or tan? The boxer shorts.

Older members of a Princeton family will want some of the free-form white ashtrays with their tiger cartoons, or the big round white ashtrays with tiger motifs. We like the one that says "It is better to have loved and lost than to have loved and won."

Seat of Learning?

We were startled almost out of our breeches the other days on the tour we made of the University Store's collection of Princetoniana.

The source of surprise was a diaper — a diaper, mind you — emblazoned with orange tiger and the word "Princeton."

Well. There was no mistaking the object: it was a white square of cloth in the classic diamond weave, accompanied by two pink safety pins, and it was obviously not a kitchen towel or a place mat or a pot holder.

It seemed to us rather like the kind of thing a Yale might buy. Does a Princeton alumnus really want to see his beloved tiger assigned to such a detail.

by the way, and fits you as snug as a broadcloth.

Seersucker robes for summer bathing, in tub or surf, start at \$7.95 at Bamberger's. Daddy can wear one over his swim trunks, the boxer ones or the tank style. Incidentally, did you know that Bams now has daeron-cotton boxer undershorts for men? They have the "tapered look," important in men's shirts (look at the Bamberger collection of McGregor sports stripes) and equally important in underwear.

Leaving Father for a time, we turn to the largest chip from the block, the teenage son. Bamberger's has a new "Students' Shop" incorporated into its downstairs men's department. Here the young man can find those 34-36 sizes that are so important when you're too lean to be an executive size, and too big for that kid stuff upstairs.

Stretch Levis are here, in the tan shade they call "ante-lope," and regular navy blue denim Levis for conservatives. Sta-Prest is an olive-green slack that looks as useful as can be, fine for occasions when a Levi won't do.

Sports shirts (button-down, white business shirts, swim trunks — everything a teen needs is here. Bamberger's phrase for this in-between group is "The Escalator Size."

DON'T FORGET THE SALT Picnic Time. The old-fashioned wicker picnic hampers we discovered at Urken's are pleasant things we've seen for summer in a long time.

The best one, \$3.59, is square with a lid that lifts up and a small tray inside. It should be packed, not with hot-dogs and beer, but with the pleasures of another day — cold chicken, of course; eggs in aspic perhaps; a bottle of chilled rose wrapped in a linen napkin. And be sure to wear a white lawn dress with sprigs of rosebuds.

Other wicker hampers at the Witherspoon Street shop are variously shaped, some round, some deep. Prices about \$2.50 and up.

Toys

Stuff 'N Nonsense

10 Moore St. 924-3730

For those who stay in their own backyards, Urken's has a \$13.98 Hibachi on legs, measuring a foot and a half long, and a smaller Hibachi without legs, measuring 10 inches. Stand this one on your table top in your fireplace next winter.)

The Hi-low chow wagon has a deep well under the cooking grill, and two front wheels like a tea-wagon. It's \$17.95, with a grill that can be raised or lowered, as you have already guessed.

To keep the rain away, Urken's suggests the brazier covers that will insure a dry grill all summer long. And to make the table bright, there are big red or black striped plastic cloths (striped with white, that is).

You know, of course, that Urken's can provide you with the webbing to re-seat your entire 1963 lawn chair collection.

MUSIC In Princeton

FESTIVAL IS READY
For June 19 Opening. With
a nod to New Jersey's 300th
anniversary, director Nicholas
Harsanyi will open the Tercentenary
Festival of Music with
three compositions, each one
bearing the designation "Num-
ber Three."

The first concert will be
held on June 19 at 8:30 p.m. in
the Festival of Music pavilion
on the campus of Westminster
Choir College.

The three opening-night
compositions, will be Beetho-
ven's "Leonore" Overture
Number 3; Roy Harris' Sympho-
ny Number 3 and the Proko-
fiev Piano Concerto Number 3,
with Byron Janis as soloist.

"America's most successful
work in (symphonic) form, by
any standards," is the way Vir-
gil Thompson has spoken of the
Harris work, while the late
Serge Koussevitsky described
the Third Symphony, as "The
essence of American life—its
vitality, its greatness, its

... GOTCHA! Russ Tamblyn, as a young Viking, fights his
way into the harem of Moorish shiek Sidney Poitier to rescue
lovely Beba Loncar. From "The Long Ships," now at The
Prince.

"New Jersey Symphony. Mr.
Harris began the symphony
while he was living in Prince-
ton as a member of the West-
minster Choir College faculty.
He completed it a year after
he began it, in Montclair, New
Jersey, so that the work may be
said to belong especially to the
state.

As a change of pace, the Ter-
centenary Festival plans to pre-
sent, on Monday, June 22, an
evening with Benny Goodman,
with a second "evening" to fol-
low on July 2. Jazz being what
it is, there will be no specific
program, and Mr. Goodman
has said that the two perform-
ances will be "full of surpris-
es."

"King of Swing" for more
than a generation, Mr. Good-
man is almost as much at home
in the classic repertoire as he
is with jazz. But his appearance
in Princeton will be strictly on
the jazz side.

One of the most dramatic
offerings planned by Mr. Har-
sanyi and the Festival commit-
tee is the Verdi Requiem,
which will be sung twice —
once on July 3 and again on
July 5.

The conductor (Eugene Or-
mandy), the chorus and three
of the four soloists will be the
same as those who performed
recently in Philharmonic Hall
in New York's Lincoln Center.

Of that concert, the New
York Times critic said: "Mr.
Ormandy inspired everyone
with his particular fervor. . .
Fortunately, he had forces that
could give him all the things he
wanted. There was the skillful
Westminster Choir to fill the
hall with great floods of choral
sound, and there were soloists
who had voices that could ride
out the storms of the day of
judgment."

Soloists for the Princeton
performance will be Janice
Harsanyi, soprano, Lili Choo-
kasian, alto and John Macurdy,
bass, all of whom sang in New
York. The fourth soloist will be
Nicholas Di Virgilio, tenor.

Tickets for all concerts may
be reserved by calling 921-
9045.

News Of The Theatres

ion (Jane Fonda). The ads for
"Sunday" trumpet: "This mo-
vie is dedicated to the propo-
sition that every girl gets . . .
sooner or later."

Propositioned Jane, who
says in the film with more
yearning than statistical
accuracy that she must be "the
only 22-year-old virgin alive,"
turns out to be complaisant,
that's for sure. But it's all in
good, somewhat unclear fun.

"Sunday" racks up skill
points on its style. Manhattan
has never looked better—and
neither has Jane Fonda. The
gags are all neatly interpolated
and quite frequently amusing.
An unblinking and edge-of-
bawdium comedy, "Sunday" is
fast and funny, dedicated
though it really is to the propo-
sition that an un-maid bed
is an excess piece of furniture
in any New York apartment,
especially on weekends. For
"Playboy" subscribers.

THE PRINCE

The Long Ships (through
Tuesday) tells the story of Vik-
ing adventure in those wild
boats they used for cruising
and exploring some thousand
years ago. Tough ships and
tough guys.

Battle, murder and sudden
death are major elements in
"Ships." But there also is an
adequate amount of romance,
suspense and comedy as Chief
Viking Richard Widmark and
his boys tour the Mediterran-
ean in search of a fabled treas-
ure, the huge Golden Bell of
St. James.

Sidney Poitier, as a Moorish
Shiek, is also out looking for
the bell. Fights and chases,
harem-scarum in the harem
and all that jazz.

THE PLAYHOUSE

Wild and Wonderful (through
Tuesday) is neither wild nor
wonderful. Nor is it very funny,
though it tries hard.

The story is about an alco-
holic French poodle, a girl
(Christine Kaufman) and a
boy (Tony Curtis). Christine is
supposed to keep the poodle
sober, but the dog sneaks away,
joins Curtis, gets loaded. Cur-
tis meets Christine through
hunger poodle, they love, they
fight, they reconcile.

"It's the 'boy meets girl' theme
the zillionth time around —
this time with a poodle.
(They've had dogs in movies a
few times before, too.) Down,
Fido!

NO, IT'S NOT A PIPE DREAM: There really are 35, 60-inch re-inforced concrete culvert pipes standing at attention on next year's soccer field, just off Route 206. Eventually, there will be 730 feet of this pipe, deftly laid to chan-

nel the water that now wanders aimlessly around the Community Gardens site, having drained from Bayard Lane, John Street and Race Street. Those fields are going to be dry, kids, dry! (Staff Photo)

front of Nassau Hall at 1:30, winding through the campus to 1379 Hall, and down Prospect Street to Roper Lane and Clarke Field. Some 8,000 spectators will watch the proceedings, climaxed by the 245th Yale-Princeton baseball game.

A series of 12 Faculty-Alumni Forums, started in 1951 and a popular reunion feature each June since then, has been arranged by the Committee on Reunions, of which William H. Flagg '46 of Princeton is chairman. Open to all interested, they will include four lectures by members of the faculty and eight panels moderated by faculty members and composed primarily of returning alumni.

Subjects will range from the Sino-Soviet split to the 1964 Presidential election and the science of coaching. The forums will be held Thursday, Friday and Saturday.

Dr. Goheen to Speak. The Baccalaureate Address by President Robert F. Goheen will mark Sunday's service in the University Chapel. At 3 that afternoon, a service of remembrance will be held there for alumni who have died during the past 12 months.

Other events on Sunday are the meeting of the National Alumni Association at 12:15 in front of Nassau Hall and a garden party at "Prospect" from 4 to 5:30 given by President and Mrs. Goheen. On Monday, members of the University's ROTC units are commissioned in ceremonies starting at 9 on Cannon Green (behind Nassau Hall), with the traditional Cannon Exercises to follow.

The 217th commencement program held since the one-time College of New Jersey was founded in 1746 will take place at 11 o'clock Tuesday morning in front of Nassau Hall. Dean of the College Merrill J. Knapp will present the candidates for bachelor's degrees to President Goheen.

Candidates for advance degrees will be presented by Russell A. Fraser, Associate Dean of the Graduate School, while candidates for honorary degrees will be presented by James F. Oates Jr. '21, Charter Trustee and University Orator. Dean of the Faculty J. Douglas Brown will make special recognition of those graduating with honors.

APARTMENT BID DENIED

By Mayor and Council. At Tuesday night's meeting, Mayor and Council disapproved a resubmitted recommendation by the Zoning Board that approval be given to permit the construction of a 49-unit apartment grouping on Spruce.

Question Of The Week

Continued from Page 5

do because of our checks and balances system — congress wouldn't let him. I feel Johnson would have a much easier chance of winning should Goldwater be nominated and I think the Republican leaders will take this into consideration next month.

Rocco Ialasta, Federal City Board Trenton, trust department of Princeton Bank and Trust. I think it was well-earned. He earned it. He proved himself to be a politician. He went out and fought hard for it. His competitors aren't worthy of the calibre of his statesmanship. He should win the nomination hands down. I think he should be rewarded for the job he did. He worked tremendously hard to get it.

Ronald Zeller, Doylestown, Pa., employee, MacBrien Educational Consultants, 80 Nassau Street: I wasn't happy at all. I thought Rockefeller would win. The results showed how erratic the California voters really are. I don't think this is any indication of the way the whole country will go. I feel one reason why this happened is that a lot of people were convinced at the last minute that Goldwater was going to win and they wanted to get on the Goldwater bandwagon. The computers were predicting Goldwater would win when only a small percentage of the votes had been cast — about

seven percent I think — even before all the polls had closed. I think this may have influenced a lot of voters adversely.

Richard Bork, E. Brunwick Township, tile setter: Even though he won, I don't think he'll get the nomination. I feel he's made too many rash statements. He's hurt himself more than anything else. There must be at least half of the country whose families have sons of military age — right there all those people won't vote for him. I know I wouldn't. Based on some of his statements, I don't think Goldwater would hesitate to

lead us into war. I think the Republicans will return to Nixon. He only lost to Kennedy by some 100,000 votes. Anybody who came that close I think deserves the opportunity to run again.

Street just west of Harrison Street North. The apartments, approval for which is being sought by Charles LaPlaca, were turned down by a 4-1 vote, with Councilman Joseph R. Wood voting in favor of the project.

Reasons for the majority disapproval were based on the statement that the Planning Board is now in the process of investigating the potential use of land in that and other areas and that any such change should be made by ordinance rather than by "spot" zoning. Reasons will be issued by Council in writing as soon as practicable.

Council also decided on Tuesday to withhold its voting on the rezoning of a Witherspoon business block to residential until it had an opportunity to study the individual problems of the property owners involved. It made this decision after considerable testimony had been presented which challenged whether the public good would be sufficiently served to justify possible hardships which the property owners would undergo in the event of such zoning change.

The land in question lies along the west side of Witherspoon Street from the Community Building at the south corner of Green Street to a point 60 feet north of Quarry. Properly on the east side of Witherspoon occupied by the

cemetery would be similarly rezoned.

Liquor License To Shift. Approval by a 3-2 vote was given to a resolution that Timothy J. Sheehan Jr. be issued by transfer the Nassau Club's plenary retail liquor license. Mr. Sheehan will use the license to open "The Brown Jug" at 363 Nassau Street, and the Nassau Club will operate under a club license.

Council also gave its approval on first reading to an ordinance which would change the rules on Sunday sales of liquor in hotels and restaurants. Under the new ordinance, the sale of drinks would be allowed from 12:30 p.m. to 9 p.m. with meals, and in adjacent public rooms as well. Final hearing is scheduled for July 14.

Another ordinance involving the sale of liquor was introduced at Tuesday's meeting. This would provide for a \$200 fine, 90 days in jail, or both for adults (except parents) convicted of buying liquor for minors. Final hearing on this is also scheduled for July 14. Council's next regular meeting date

In other matters to come before Council on Tuesday:

• Approval was given to allow the Borough to sign an agreement with the Township on the joint operation of the Community Gardens recreation area. Working on the agreement is now being worked out so that the contract will be

clear for people holding office in future years.

• Norman Williams Jr., 74 Allison Road, was named to the Borough Planning Board for a six-year term. Mr. Williams succeeds Edward G. Hofgesang, whose term of the board has expired.

• A variance was approved to allow the conversion of 23-25 Bank Street into four apartments. Approval was given on the basis that the two necessary additional off-street parking places had been leased at 2 Nassau Street, the South's Garage property.

• Council approved the naming of Mrs. Teresa Thomas to fill the vacancy in the Borough Hall staff caused by the retirement of Mrs. Alice Schanuel. Mrs. Mary Lynch will take Mrs. Thomas' previous post.

• Approval was given to the University to use its land at University Place and Mercer Street for parking after August 1. The Borough has rented the property from the University since 1953 for one dollar a year.

CHAMBER GIVES AID
To Summer Teen Programs.
A grant of \$300 has been given to the Council of Community Services by the Chamber of Commerce to back the summer evening program for teens.

Mrs. Dorothy Schoch, Council president, had appealed to the Chamber for funds to pay a program director. Larry Ivan, a teacher at Witherspoon School, has agreed to serve for the coming summer. He became interested in summer recreation for teens three years ago when he organized a highly competitive basketball program for boys. He directed the program last year.

Support has also been received from other sources. Free use of school facilities in the Borough and Township has been granted by the two school boards. The Municipal Playgrounds Committee will provide supervision and equipment, and the Township Committee has agreed to pay the fees of professional basketball referees.

The YWCA is considering extending its program to provide Saturday evening activities in conjunction with the Tiger Town Teens.

This year, the summer evening program will be in operation three evenings a week for nine weeks. The schedule will be somewhat similar to last year's — basketball program at the Harrison Street playground on Wednesday evenings, informal games at Community Park School Thursday evenings, and basketball followed by dancing at Princeton High School on Friday evenings.

ANYBODY WANT 4,000 BOOKS? The answer, of course, is "Yes!". The Hindman Settlement School, Hindman, Ky., will receive 4,065 books collected by the student council of Valley Road School. On Tuesday morning, John Sierra brought his red pick-up truck to the Valley Road front door, and the loading process began. (For the next step in the journey, see story this page). Council members on the loading detail are, left to right: Jennifer Welsh, Bruce Alexander, Nancy Darrow (chairman of the project), Tom Yoder, Loni Sue Johnson, Tod McKinney, Bob Janiky and Jeff Michaels. in the new "Special Telephone Directory" supplement issued by New Jersey Bell. The area code will continue to be 609.

BOOKS ARE ON THE WAY
Two Companies Help. Over 4,000 books are on their way from Valley Road School to Kentucky, where they will enrich the lives of boys and girls whose experience with books, up to now, has been lean and dry.

Half of the books will be sent to the Leslie County (Kentucky) Board of Education for distribution to the one-and-two-room schoolhouses in the county, and the county Bookmobile. The rest will go to the Hindman Settlement School, Hindman, Ky.

Although the Valley Road PTA had underwritten transportation costs for the books, the organization was not prepared for the students' tumultuous response to the campaign, and for a time, it looked as though PTA members would have to walk to Kentucky, a hook under each arm.

Help came from two unexpected sources. An executive of Childcraft Juvenile Furniture who lives in Salem, Indiana, read an article in a Knoxville, Tennessee, newspaper, telling about the stranded books. He offered to re-route one of his trucks from New York City to Princeton on Wednesday of this week, to pick up the books and take them to Kentucky.

Meanwhile, McGraw-Hill, Inc., in Hightstown, offered to pack the books professionally, thereby saving uncounted hours for the PTA, and insuring a strong, safe packing job. Then John Sierra volunteered his truck to get the books from Princeton to McGraw-Hill in Hightstown, and the Valley Road Student Council once again volunteered muscle and spirit to help load Mr. Sierra's truck. (See photo).

McGraw-Hill will also ship the 300 books collected by Community Park students for the Mandaree School, New Town, North Dakota. These books will be used by Indian Students belonging to the Mandan, Gros Ventre and Arikara tribes.

Mrs. Martin Kruskal, co-chairman of the health and welfare committee for Valley Road Community Park, said this week that, following the appearance of newspaper stories describing the plight of the collected but stranded books, many Princeton residents called the principals of Community Park and Valley Road offering transportation for at least some of the volumes.

APARTMENTS?

Realtors Suggest Need. "More apartments are needed in the Princeton area." This is the basic premise outlined by Ridgley Cook, representing Princeton's real estate agents, where he made an informal appearance Monday night be-

fore the Township Planning Board.

The Board listened for some time to Mr. Cook, and then Gerald Breece, Planning Board chairman, asked the realtor to come back to the board with a "breakdown" of his vital statistics on people who rent in the Princeton area.

Mr. Reese also asked Mr. Cook to separate Township renters from Borough renters, and to relate Princeton to the whole region in considering the problem. Mr. Cook had said that about 90 percent of the people who rent in the Borough, the Township and the Millstone Apartments in West

Parade Changes Backed.

To the Editor of Town Topics:

We, as residents in a beautiful town of historic significance, are in a unique position to present the best traditional Memorial Day observance. More significantly I think, as citizens living in an atmosphere of cultural and spiritual freedom we should feel obligated to introduce the excellent changes suggested by Mrs. Rowan Boone. (TOWN TOPICS, June 4).

In Princeton cemetery, there is a gravesite with an ironic touch (one of several of a group set apart). The inscription includes the dead soldier's name, G.A.R. affiliation, Company and regiment, date of death, August 12, 1921, and the designation, "colored troops."

Surely an integrated marching group from the American Legion is a "must" in our Memorial Day parade.

GWYNETH KING BROWN

"I Heartily Agree"

To the Editor of Town Topics: Thanks for the opportunity to express myself.

I heartily agree with Mrs. Boone and would endorse her suggestions to the letter.

MARION HUTCHINSON

14 Wilton Street

Why the Scouts Parade.

To the Editor of Town Topics:

The letter from Mrs. Rowan Boone, published last week, is certainly one to which we should give serious thought. I

concur especially with: "The parade . . . should be a reminder that the men and women who gave their lives for their country left as their legacy to us the responsibility for promoting peace and understanding throughout 'the world.'"

May I try to clarify the participation of Girl Scouts (which include Brownies) and the Cubs and Boy Scouts, the only groups mentioned for whom I can speak from knowledge? While the boys and girls have separate national organizations, there are many parallels. For both, the Promise includes "to love God and My Country", both emphasize international (including interracial) friendship and both belong to international associations and stress community service.

Certainly Girl Scout Leaders, Den Mothers and Scoutmasters strive to make clear to their Scouts the purpose for which they march. As we all know, "striving" and actually "making clear" may not always be the same thing, even among adults, but I suggest that it is not too soon to start the striving in the Scout age range.

It occurs to me that their tender years alone should not bar them from the classification which Mrs. Boone wisely suggests of "organizations and groups which are devoting their efforts to peace and the brotherhood of man."

JEAN H. LEWIS

Thanks in All Concerned.

To the Editor of Town Topics:

Having been critically injured in an automobile accident in Princeton April 22, I should like to show my gratitude to those people of Princeton who helped me in effecting my recovery. (I'm still on crutches, but I should be walking within three or four months.)

My deepest appreciation goes to the Rescue Squad, to the Hospital Staff, and to all those who were concerned. You gave, that a fellow human being might live. Thank you.

CHUCK BERLING

Newport Beach, Calif.

Sunday A Poor Choice.

To the Editor of Town Topics:

The decision of the Princeton Borough Board of Education to hold Class Day exercises for the graduating class of Princeton High School on Sunday, June 14, 1964, is indeed an unwise one. Aside from the fact that Sunday is the sabbath for most Christians, a legal holiday for Jews, and the one day in the week when members of the same family can enjoy each other's company, the Board of Education has never included a Sunday in its Academic Calendar.

This year, however, on very short notice, Sunday, June 14, was designated as the date when Princeton High School Seniors would pick up caps and gowns which had been rented, would participate in the class picture, and would participate in Class Day exercises. In defense of its action, the Board of Education claims that all these activities are optional: caps and gowns may be picked up at another time, no one need be in the picture if he does not wish to, nor does anyone have to attend Class Day exercises unless he wishes to.

Kenneth E. Michael, Principal of Princeton High School, apparently assumes that attendance on Sunday, June 14, is mandatory, not voluntary. In his SPECIAL ANNOUNCEMENT TO ALL SENIORS released Friday, June 5, 1964, item 3 says in part: "Seniors who wish to be excused from . . . the Class Night on June 14 . . . should contact Mr. Michael by Monday, June 8." If attendance is voluntary, why is an excuse necessary?

Regardless of whether attendance at the exercises on Sunday night is voluntary or mandatory, the decision to hold the exercises that night was injudicious. The Board of Education sets its Academic Calendar and requires all pupils attending its schools to abide by it.

Activities where attendance is mandatory should not be scheduled for a Saturday, a Sunday, or after dark during the week. Activities of the Princeton public schools that are voluntary should be clearly labeled as such, in the interests of the pupils, of their parents, and of the community at large.

HENRY J. FRANK

126 Valley Road

Does It Belong To You?

To the Editor of Town Topics:

Early this morning a vicious animal came on the porch of a residence on Cherry Hill Road and destroyed two kittens. Recently, a Beagle puppy next door was violated by what may have been a similar animal.

The mother cat sadly walks about calling for its little ones; one has already been interred and the other is still to be located. Little Pamela will also miss her kittens, especially the little one she wanted to take with her when the family moves to Bergen, N.Y.

The trail of blood left on the breezeway and the punctured body of a brave little kitten shows how easily tragedy can visit the door of one's home when others let their animals run loose at night and they become destroying marauders that violate the innocent and tear the hearts of those who would love life.

Topics Of The Town

—Continued from Page 17

At 4:50 a.m. Monday, George R. Jones, fell asleep at the wheel while driving on Mercer Road near the intersection of Stanhope Road West. His car skidded 86 feet, left the road, hit a guard rail, and continued on another 42 feet. En route, it damaged the lawn and driveway owned by Shane Nicholls. Mercer Road.

Mr. Jones was ticketed for careless driving and for driving while on a revoked list. He was uninjured.

Four days earlier, a car left the road and veered into a wooden fence when its right front tire blew out on Quaker Road, some 600 feet east of Province Line Road. The driver was Jerry S. Knapp.

His daughter, Donna, age four months, riding in the front seat, was thrown to the floor and treated at Princeton Hospital for a mild concussion. Mr. Knapp was uninjured.

TO CONTROL WATER FLOW

In Shopping Center Area. More than 6,000 feet of 12-inch water main are being installed near the shopping center to stabilize water pressures.

The Princeton Water Company expects to complete the project early this month. The 12-inch main will run from Moore and Hamilton Avenue to the Terhune Avenue storage tank and will make it possible to refill the 500,000 gallon tank overnight, even when water demands are heavy.

The tank is being equipped with remote telemetry units so that the water level can be watched and controlled from the company's Stony Brook control center.

TO GIVE POLIO VACCINE

Next Thursday, The Princeton Visiting Nurse Association will administer Sabin oral polio vaccine, type one, next Thursday at the "Baby Ken Well Station," Suite V, 253 Witherspoon Street. The hours are 1 to 2 p.m.

All infants and pre-school children of Princeton Borough and West Windsor Township may apply. Type two will be given at the same hour on July 30.

HOOTENANY PLANNED

For St. Augustine's Fair, The fourth annual bazaar of St. Augustine's parish, Franklin Park, opens next Wednesday. The Tercentenary fair will be in full swing from 6 to 11 p.m. each evening until June 27. Dan Horgan is general chairman.

Events include performances by recording stars "Martha and the Vandellas," "Little Anthony and the Imperials," "The Chiffons," and "The Belmonts" at the open-air hootenany.

There will be professional wrestling, a midway, booths, costumes and prizes. Full-course country dinners will be served each evening until 9 p.m. The bazaar will be held on Henderson Road, between State Highway 27 and Route 1.

"THE LOSS WE FEEL"

Princeton Librarians Say. "We feel that we are losing a personal friend in Miss Barr," the staff of Princeton Public Library said Friday concerning the resignation of the director, Margaretta Barr.

"It has been a privilege and a challenge to work with her," they commented in a public statement. "We are overcrowded, limited in many ways, yet under her guidance the Princeton Public Library has been far more than a mere custodian of books."

"Her enthusiasm, leadership and sense of fair play are without peer. We know that the new Public Library planned Princeton during her 10-year tenure will always stand as a mark of her contribution."

"If as a group we have been able to make the Princeton Public Library a friendly place to come to, in addition to supplying a well-rounded collection that fulfills the needs and desires of its patrons, we are the first to acknowledge that our director, Miss Barr, is the one we emulate. We all wish her the very best."

Mort H. Bushnell of Princeton Junction has received his bachelor of science degree and commission as an Air Force second lieutenant at the Air Force Academy, Colo. The son of Mr. and Mrs. Mort P. Bushnell, he will be assigned to flight training at Williams AFB, Arizona.

TO ADDRESS FORUM

On "Education For All." The New Jersey Commissioner of Education, Dr. Frederick M. Raubinger, will address the Princeton Township Democratic Forum at 8:30 p.m. next Tuesday in Community Park School. The public is invited. Forum chairman Harold Mantell has announced.

Dr. Raubinger will discuss "Education For All." He is expected to comment on mass standards in public education, long-term fiscal planning to cope with population pressures on the schools, and the role of civic organizations in fostering public support for school needs. A audience discussion will follow his talk.

Also on the agenda are the recommendations of the Forum's platform committee on key issues of the 1964 Township election campaign. William Sloan and Abe Seldner are co-chairmen.

Dr. Raubinger, a Princeton resident, is a native of Aurora, Mo. A graduate of Southwest Missouri State College, Class of 1929, he holds graduate degrees from the Teachers College of Columbia University. He is the recipient of honorary degrees from Princeton University, Rider College and Temple University. In 1961, Columbia awarded him its Teachers College Medal for Distinguished Service.

NAME CORSON TRUSTEE

At ETS, John J. Corson, 128 Broadmead, Professor of Public and International Affairs at Princeton University, has been named to the Board of Trustees of Educational Testing Center. He will serve for four years.

Elected Chairman of the Board was Dr. Mason W. Gross, president of Rutgers University. A trustee since 1961, Dr. Gross succeeds Miss Katharine E. McBride, president of Bryn Mawr College.

Also elected a trustee was James A. Perkins, President of Cornell University and a former resident of Princeton. He and Professor Corson were among the four new trustees chosen this year.

STUDENTS INVITED

To Bryn Mawr Swim-Tea. The Bryn Mawr Club of Princeton has invited juniors from Miss Fine's School, Princeton High School and other area schools who are interested in the college to a tea and swimming party this Friday, Mrs. Ernest A. Lynton, club president, will be hostess at her home, 655 Snowden Lane, from 3 to 5.

Incoming freshmen invited to the tea are: Sally Griffin, 160 Leabrook Lane; Joyce Monard, 47 Darrach Lane; Lawrence Township, and Martha Gellman of Hightstown. Present undergraduates from Princeton are Gertrude Coheen, Anna Hartman, Lynette Palmer, Patricia Collins and Margaret Wilber. Mrs. John B. Hughes, information chairman, is in charge of arrangements.

*"Reunions at Princeton," said Mr. Moses,
"make the World's Fair seem terribly dull."*

No, it wasn't the Mr. Moses who said this. For one thing, the World's Fair isn't at all dull. For another, the Mr. Moses went to Yale — so how could he know anything about Prince-

ton Reunions?

But certainly Reunions at Princeton are unique. A splendid combination of Mardi Gras, the Mummers Parade — and maybe a bit of Hallowe'en.

To add to your enjoyment of this Reunion weekend (or any other weekend, in fact), may we suggest you select from our many COUSINS EXCLUSIVE brands. Among them:

Highlights of Report on Township Schools

"The most pressing educational problem that confronts Princeton Township citizens at the time of writing this report is that of the education of our high school students.

She situation is this: although Township citizens, through their School Board, determine the education of their children through 8th grade, the responsibility for the four crucial high school years is given to the citizens of Princeton Borough acting through the Borough Board of Education. When the Township was a small rural community this arrangement was necessary and satisfactory.

Over the past decade, however, the Township has grown rapidly, to the point where the Township high school population is now nearly twice that of the Borough. Township citizens should consider whether the changed relationship between Borough and Township does not indicate that other arrangements for the education of our high school students should be made.

The Committee believes that Township citizens want a first-rate school system. This cannot be achieved unless the whole public school system, from kindergarten through 12th grade, is planned and carried out as a unified progression, which requires a single administration.

Educationally, the Township schools are handicapped by the fact that the Township system stops abruptly at the end of 8th grade; the general philosophy underlying the schools, the planning of the curriculum, the hiring of administrators and teachers, the morale of the staff, the continuity of the teaching, the use of buildings and facilities and flexibility of the programs, the effectiveness of new techniques and methods and their evaluation, the guidance program, all these aspects are deeply affected.

Urge Single School System. Although Princeton Township citizens are paying their share of the cost of Princeton High School — of the seven school districts (including Princeton Borough) that support the school, Princeton Township is the largest — under the existing arrangement they have no voice in how it is run.

The tradition of American public education demands that wherever possible citizens take

full responsibility for the education of their children, and this includes participating in the election of School Board members and approving the budget. Through these functions, citizens determine the philosophy and policies that will govern their schools, and the quality and scope of the school programs.

In the belief that Princeton Township and in fact the whole Princeton Community will benefit, this Committee proposes the establishment of a single school district in Princeton, to include both Borough and Township, and we make the following recommendations to the Township Board of Education:

• **RECOMMENDATION:** The Township Board of Education should notify the Borough Board of Education at once that the Township Board does not intend to continue the sending-district relationship beyond 1970, when the present contract between the two boards expires.

• **RECOMMENDATION:** The Township Board of Education should work energetically toward the establishment of a single Borough - Township school district covering all grades, kindergarten through 12th.

"A Dynamic, Forward-Looking System"

Seven general objectives for the school children of Princeton were laid down by the Township Citizens' Committee on Schools in the course of preparing the committee report. They are:

To read with pleasure and understanding
To communicate effectively orally and in writing
To learn techniques for solving problems
To acquire basic information in several fields of knowledge

To gain understanding of themselves and others as individuals and members of groups

To gain appreciation of our cultural heritage

To retain a sense of wonder and a desire to continue learning

"We believe these goals flow implicitly from the values of our society," the committee states. "It should never be forgotten that our school system does not reflect only our community of Princeton; it is deeply affected by what is happening on the local, state and national scene."

"Princeton Township has a dynamic, forward-looking school system. During the post-sputnik period of progress in public education, the Township system has not only maintained its position among comparable systems, but in many areas it has improved at a higher rate than most. Furthermore, there is good evidence that this improvement will continue for some years to come."

"There are weaknesses, of course; these will be serious only if allowed to persist. . . ."

CHAIRMAN BAILEY: Herbert S. Bailey Jr. served as chairman of the Township's 13-member Citizens' Advisory Committee on Long-Range School Planning.

How to Achieve Unity. This could be achieved in any one of several ways. Municipal consolidation would automatically result in the consolidation of the school districts. Whether this is a genuine possibility for Borough and Township in Princeton is still an open question at the time of writing this report, and will not be resolved for some time.

SCHOOL POPULATION, PRINCETON TOWNSHIP: Leveling off will begin soon in the Township school population. As this bar graph shows, the population took giant, leaping steps in the decade between 1953 and 1963. From now on, the projection shows a more gradual incline, especially in the elementary schools. The projections for the future, shown here, are the Citizens' Committee's high estimates. The committee also compiled a set of figures showing its lowest estimates of growth.

districts alone could best be achieved under the law providing for the formation of a regional school district. This is only a matter of time before the law is set up under the laws of the state. An amendment to the statute (Assembly Bill 564) making it applicable to Princeton's situation has recently been passed and awaits the Governor's signature.

Under the law on the formation of regional school districts, interest and redemption of bonds are divided between the districts in proportion to equalized tax valuations. Since the Township has higher school debt costs relative to tax valuations, this provision works in favor of the Township. The new Borough school will tend to make this situation more nearly equal.

Operating costs, however, may be divided in proportion to the number of pupils from each municipality. As compared with the division of operating costs in proportion to tax valuations, this provision is favorable to the Borough, since the Township has more than twice as many pupils.

Costs Can Be Adjusted. Nevertheless, under the present law, regionalization would result in a considerable increase in taxes in the Borough for the next several years, until the Township ratables have grown so as to absorb more of the site might be available only at a greatly increased cost. However, the Committee has explored the legal possibilities with State officials and our own counsel, and we are confident that, with good will on both sides, an agreement between the Township and Borough in value. If, after all, it could be reached, and, should not be needed, it could

RECOMMENDATION: The amount in 1969-70 would be \$640,000.

Township Board of Education should ask the Borough Board to join it in forming a special committee to work out an agreement for regionalization and to seek appropriate enabling legislation. Princeton's two school districts has numerous advantages. It tax rate, to pay for a separate Township High School, was based on an equivalent per pupil cost of \$850-\$900 in 1963 dollars. We have not been able to calculate what percentage increase in Township tax rates will be caused by increases in Borough tuition charges.

Township High? Although we prefer a unified school system for Township and Borough, if the Township cannot have a coordinated system (K-12) with the Borough, we urge that it establish its own coordinated system by building its own high school.

We think that a Township High School can be an attractive educational alternative. We will have enough students to permit an excellent program that will retain the same teacher-salary schedule as the Borough we could compete favorably for good teachers anywhere in the State.

We think an excellent Township High School is within reach, but there is no concealing the fact that it would be somewhat different from the present high school. This year 61% of the Township high school students are in the three highest grades, compared with 11% general students and 8% in the business program. These figures are to be compared with 68%, 18% and 14% for the present High School as a whole. (Without the Township students, the Borough High School percentage would be 61%, 23%, and

the Township students, the Borough High School, percentage would be 61.4, 25%, and be disposed of without loss.

In Sum: The Committee's position on this subject can be summarized in the following points: 1. The Committee does not want separate Township High School unless a unified school system proves to be unattainable. 2. Nevertheless, Princeton Township could afford its own high school. Rough but conservative estimates indicate that operation of our own high school, offering a full high quality program, would add only about 2.5% to the Township school budget, and therefore less than your combined total tax rate. In your opinion, this is the only acceptable alternative to a unified school district.

We have made no attempt to calculate the effect on the Borough tax rates of the withdrawal of Township students from the Borough High School. It should be pointed out, however, that the tuition for 126 Township pupils was \$690 per pupil or \$431,940 in 1963-64, that the tuition for 631 pupils at \$725 per pupil will be \$457,475 in 1964-65, and the rate will almost certainly be higher in 1965-66. Township pupils' money that have gone into its planning should be looked upon as necessary insurance. —Continued on page 25

—Continued from Page 25

Both approaches should be taken simultaneously, in the expectation that one of them will be successful in the end. Only in this way can we be sure that Princeton Township will eventually have the kind of complete school system it deserves."

HOW MANY CHILDREN?

Pressure Will Ease. "The population pressure to which the Township school system has been subjected, will subside."

"No additional school sites will be required for elementary schools in the Township if the population projections of this committee are even approximately correct."

As the graph with this article shows, grade-school population, which has been increasing rapidly in all grades for the last ten years, will soon level off. The process will start with the lower grades and be transmitted progressively upward, so that the high school population will level off last.

These figures surprised the parent committee, but "we have subjected the Population Subcommittee report to careful criticism and we believe that the conclusions are conservative."

The basic assumption underlying this projection of population trends, is that present Township zoning laws will remain. There are only 228 remaining Township lots in the zones that allow lots smaller than 1 1/2 acres. If zoning laws were changed to open up more land to these small lots, or if the Township should decide in favor of multiple housing, the school population picture would alter.

Commenting on the zoning question, the School Committee states that "The questions of moral and social responsibility involved in the zoning problem are outside the scope of this report."

The Committee recommends an annual census, using the experience and methods of the Population Subcommittee. The cost "should be shared by the municipality, since detailed data and projections of population will be useful in many

aspects of Princeton Township planning."

TAXES?

School Rate Probably Stable. "After next year, we do not foresee any significant rise in Princeton Township real property school tax rates."

The Township no longer has many small lots for homeowners to build on. This means that the average value of new houses will be much higher in the future than it has been in the past; in fact, the assessed value of each new house in the Township is expected to average \$50,000. (At present, houses built in R-1 in the last five years average \$56,010, and houses in R-2, \$49,725.)

A \$50,000 house brings in \$865 a year to the school treasury, at 1963 tax rates. It costs less than \$750 a year to educate a child in the Township system, and the number of public school children averages less than one per household.

School costs will go up, of course; teachers' salaries will increase (salaries are 52% of the 1964-65 budget) and schools will need improvements. However, the Committee expects that increases in expenditures will be met by increase in rates.

INSIDE THE SCHOOL

Two Guide-lines. In the field of education, the Citizens' Committee lays down two guide lines for policy makers, teachers and administrators:

1. Recognition of the individual differences among children.
2. Recognition of the need for flexibility in curriculum, teaching methods and organization.

These are the Committee's recommendations in this area:

- Improve the articulation between Township and Borough systems so that children entering the high school from Valley Road will not be out of step, as they are now.
- Review the curriculum every three or four years.

- Keep elementary and junior high classes at a maximum of 25 pupils, and primary classes to less than 25.
- Continue to try experimental teaching programs.

- Keep at a minimum the number of schools a child has to attend: neighborhood elementary to Community Park to Valley Road to high school is the present pattern, and the Committee believes this is too many schools in too few years.

- Hire a full-time librarian for each school, and make sure enough money is spent for new books.
- Establish a Special Services Team: psychologist, remedial instructor, social worker, full-time guidance counselor and part-time psychiatrist to identify children with problems and to work with teachers so that they too, can learn to spot problems.

- Improve existing buildings: Valley Road needs modernization; each school needs one room each for music and art; 6th, 7th and 8th grade science labs. need to be enlarged so that experiments can be left from day to day; each school needs a gym and an all-weather outdoor play area. The staff should be asked to suggest other improvements.

TWO GROUPS NEED HELP Vocational, "General" Students. Here are the Committee's thoughts on two special kinds of Township students.

"There are two groups of students who have been neglected in the public education boom of recent years in the United States. These are the vocational students and the group known as 'general' students."

These groups are not the same, and they should not be confused. Vocational training, as usually given, is designed for students of average or better than average ability whose bent is not academic, who will not go to college, but who are capable of becoming highly skilled practical or technical workers. "General" students are customarily of lower than average ability and usually can not qualify for training in modern vocational schools.

Princeton Township Board of Education can do very little directly with either of these groups because our school system ends with 8th grade, and much of the important work with these children should be done in high school and later. In any case, a good technical training center is too expensive for a small community such as Princeton Township, and even the combined resources of Borough and Township could not support a good vocational school.

This type of education is best provided on at least a county-wide basis, and should include both high school and post-high school training. While this sort of education is not, strictly speaking, a responsibility of the Township Board of Education, it is an important need for some of the children in Princeton Township, and should not be neglected.

Facts You Should Know About Oriental Rugs

- Selection of color and design is something your individual taste should dictate. When thinking of colors one must also consider that all famous Oriental rugs were originally woven in rich hues. Old rugs of Persia abound in wine-red, indigo, light and medium blue, gold, brown, green and related shades of color; because the colors were used moderately they are a delight to the eyes of those who appreciate real art.

Mom
couldn't make the
wedding

so the telephone brought the wedding to Mom

A few months ago a young bride-to-be called to order new phone service. During her conversation with Jean MacMurray, one of our service representatives, the future bride mentioned that her mother was in the hospital and couldn't come to the wedding.

Jean — looking ahead to her own wedding — was very sympathetic. And she had an idea.

Why not arrange a Speakerphone hookup from church to hospital room? The Speakerphone, widely used in business, picks up group conversations at one end with its special microphone and transmits them to the person at the other end of the line. In this case — that person would be Mom.

The grateful bride accepted the suggestion. And when she said, "I do," Mom heard her loud and clear.

Jean MacMurray did her job well — she matched telephone service to the individual customer's needs — something we always try to do.

Hamilton of Wyman House, Springdale Road; Miss Janet Kneubuhl, daughter of Mr. and Mrs. James P. Kneubuhl of 17 Hibben Road; Miss Kathleen Wooley, daughter of Mr. and Mrs. Edwin W. Wooley Jr., 4 West Welling Avenue, of Pennington; and Miss Maren Heidelberg, daughter of Mr. and Mrs. Ulrich K. Heidelberg, formerly of Princeton, now of Concord, Mass.

Miss Wooley, who graduated with general honors, was a Wellesley Scholar for two years, in recognition of academic achievement. A graduate of Central High School, she majored in political science and served on the class executive committee for two years.

Miss Hamilton, a history major, and Miss Heidelberg, who centered her studies in political science, are graduates of Princeton High School. The latter was named a Wellesley Scholar in her senior year. Miss Kneubuhl, a history major, is an alumna of San Marino (Calif.) High School.

Nicholas de B. Katzenbach, longtime Princeton resident now serving as United States deputy attorney general, was awarded the honorary degree, Doctor of Laws, at Rutgers University's 198th commencement. The citation paid tribute to his "courageous and imaginative leadership in the struggle for civil rights."

He is the third member of his family to be honored by the university. His father, the late Edward L. Katzenbach, state attorney general from 1924 to 1929 and a former Rutgers trustee, received an honorary LL.D. in 1925. Mrs. Marie H. Katzenbach, the mother of this year's recipient, was awarded an honorary doctor of letters in 1948. A member of the State Board of Education, she has served as a Rutgers trustee since 1932.

Miss Beverly Wilson, daughter of Mr. and Mrs. Albert S. Wilson Jr. of the Princeton-Lawrenceville Road, received highest academic honors at the Oldfields School commencement, Glencoe, Md. Awarded prizes in art, history and French, she will enter Sarah Lawrence College this fall.

Rider College has awarded degrees to seven students from this area: John J. Lackey, son of Mr. and Mrs. John Lackey of 222 N. Harrison Street, and Miss Bonnie Bain, daughter of Mr. and Mrs. William T. Bain, 38 Hornor Lane, Princeton. Richard M. Anderson, son of Mr. and Mrs. J. F. Anderson, and Edward J. Scarpatti, son of Mr. and Mrs. Joseph Scarpatti, Hopewell; John L. Balaan, son of Mr. and Mrs. Leon A. Balaan; Miss Linda Cheate, daughter of Mr. and Mrs. George Cheate, and Miss Carol L. Malek, daughter of Mr. and Mrs. Michael J. Malek, all of Pennington.

Gilbert C. Turner, vice-president and trust officer of the First National Bank of Princeton, has been named to the executive committee of the trust division recently created by the New Jersey Bankers Association. He will also serve

as chairman of the new division's trust operation committee.

Four Princeton architects will represent the New Jersey Chapter of the American Institute of Architects at the organization's national convention in St. Louis next week: Alfred Busselle, Richard J. Chorlton, Francis R. Stein and John Diehl.

John L. Johnson of 540 Ewing Street has been appointed a Fellow Engineer at the Westinghouse atomic power department, Pittsburgh. He will continue to serve as a member of the advanced systems section assigned to the Plasma Physics Laboratory at Princeton.

Dr. Johnson is a graduate of Montana State College, Class of 1949, and holds graduate degrees from Yale University. He joined Westinghouse as a senior scientist in the industrial atomic power department in 1954.

Miss Carol Soose, daughter of Mrs. Edward Henrys of 149 Terhune Road, will leave on June 18 for a five-week tour of Europe. A student at Centenary College for Women, she is one of 65 girls who will make the trip.

Gilbert R. Rowan of Rosedale Road has received a research grant from the department of surgery at the University of Rochester School of Medicine. He will work on a urological infection study at New York Hospital-Cornell Medical Center. A medical student at Rochester, he is a graduate of Lawrenceville School and Harvard University, Class of 1963.

Dr. Charles Akselrad of 51 Patton Avenue has been elected an associate member of the Mercer County Component medical Society. He is attending anesthesiology at St. Peter's Hospital, New Brunswick.

Topics Of The Town
—Continued from Page 26

age students stems not so much from indifference as from a lack of information as to what sort of curricula and methods will appeal to them and motivate them. This is a national problem, and efforts are being made in many school systems to find new approaches.

The number of these students in Princeton Township is small, and partly for that reason it is difficult to establish programs for them. Yet these children need, perhaps more urgently than any other children in our schools, to be introduced during their school years to their social and cultural heritage.

• **RECOMMENDATION:** The Princeton Township Board of Education should encourage study and action that will lead to improved and increased vocational training on both high school and post-high school levels in Mercer County.

• **RECOMMENDATION:** Special attention should be given to the problems of the below-average students.

URGES NEW COMMITTEE
Of Township Citizens. "We suggest the formation of a continuing Citizen's Committee for the Public Schools, one function of which would be to encourage well-qualified citizens to run in School Board elections."

The present Committee would like to see every school board election contested, with township residents encouraged to run. One way of encouraging them, the Committee believes, is to make sure that board members are not burdened with jobs that properly belong to the school administration.

These are the committee's recommendations on the administrative side:

- Hire enough staff members to do the work. "To have insufficient personnel is not economy; it is waste and may result in serious lowering of morale and even the loss of able staff members."
- Examine, periodically, the activities of the Board of Education to see whether some of the work might be allocated elsewhere, and to discover possible new avenues for the Board to explore.
- Keep the teachers salary scale in the top 10-15% in New Jersey; increase the number of sabbatical leaves available to teachers and provide for continuing, in-service teacher training.
- Keep the public informed about all aspects of the school system, assigning to one person in the superintendent's office the responsibility of using all media — newspapers, public meetings, radio, handbooks, bulletins — toward this end.

YALE GAME SATURDAY

But Where's Bill Bradley?
A year ago, Princeton ended a
string of five consecutive vic-
tories for Yale in baseball
when it defeated the Elis, 6
to 5, in the annual reunion
weekend contest. When the
Tigers face their traditional
rivals again this Saturday at 3
on Clarke Field, they will do
so without the comforting
knowledge that Bill Bradley
is in the lineup.

Last June, the All-American
basketball player had convert-
ed to the diamond by mid-April
and was in right field as Yale
sought to add to its string of
successes. He drove in one
run, scored the deciding tally
in the close contest and made
a sparkling catch that prevent-
ed an Eli triple with the bases
loaded.

This year, the Olympic try-
outs and a need to concen-
trate on his studies because he
will miss six weeks of college
next fall for the trip to Tokyo
prevented Bradley from re-
porting for baseball. His ab-
sence is obviously a major fac-
tor in the team's current 7-
14-1 mark—in contrast to its
ability to top .500 a year ago.

Princeton has already drop-
ped a 4-3 decision to Yale ear-
lier this season, and just how
it figures to defeat the New
Haven nine this Saturday is a
difficult question to answer. In
its last game at New Brun-
swick last weekend, a com-
mencement crowd saw the Tig-
ers held to a lone hit in being
shut out by Rutgers, 2 to 0.

Near No-Hitter, Intriguing-
ly, the Scarlet used four pit-
chers, but they all looked the
same to the Tigers. Only a
ground ball that skipped over
second for a single credited to
Frank Biondi kept Princeton
from becoming the victim of
a no-hitter.

Emile Rosenberg pitched for
the Tigers, allowing seven hits
before giving way to sopho-
more John Redpath in relief.
Either Rosenberg or southpaw
Gerry Skey will go against
Yale Saturday. Both are sen-
iors.

The game with the Elis will
be the 245th in a series that
is now 97 years old. Princeton
won 101, Yale 140 and there
have been three ties.

For the first time in the
rivalry, the Tigers will provide
the opposition at New Haven.
When Yale holds its com-
mencement program. The con-
test is set for the afternoon of
Sunday, June 21, and will mark
the first game between the
two universities played on a
Sunday.

CREW HAS PROBLEMS
In Qualifying for Finals.
With the national regatta at
Syracuse next week to be run
on a basis of heats and a six-
boat final, it is unlikely that
Princeton's crew will qualify
for the championship event.

Because this is an Olympic
year, the preferred distance is
2,000 meters (about a mile and
a quarter), rather than three
miles. As a result, three heats
will be held on Friday, June
19, and then a six-boat final
will take place the following
day.

Rain? It's 6 to 1 Against

Not the Weather Man but
the law of averages, based
on records over the past 60
years, say that chances of
rain spoiling Saturday's
parade and ball game are
6 to 1 against precipitation.

Since the turn of the cen-
tury, rain has dampened
the proceedings ten times—
an average of about once
every six years. Only twice
(1953 and 1955) has it fal-
len hard enough to wash out
the baseball game. In the
latter year, the parade was
held in a drizzle and the
game was then called off.

The odds are working in
favor of rain in one sense,
however. It was in 1955 —
nine years ago — that any
rain last fell on reunion Sat-
urday.

Princeton has been drawn
against Wisconsin, Washing-
ton and Brown in the heat (at
4:20 p.m. Friday). All three are
good enough to trim the Tig-
ers, and only two shells from
each heat will qualify for Sat-
urday's finale.

Wisconsin, having one of its
top years, has been seeded
third behind Cornell and Cal-
ifornia. The Huskies of Wash-
ington are not as good as the
other Pacific Coast crew. Cal-
ifornia's Golden Bears, but it is
a rare season when Princeton
finishes ahead of them at Syra-
cuse.

Like Dartmouth and Rut-
gers, Brown is moving upwards
in Eastern rowing circles and
might just edge the Tigers out.
In any event, off its ninth-place
finish in the sprint champion-
ship at Worcester last month,
Princeton appears unlikely to
finish as high as second among
this quartet.

The Nassau freshmen appear
to have the best chance of
reaching the finals on Lake
Onondaga next week. They
have been drawn against M.I.
T., Cornell, Columbia and Wis-
consin, and three boats out of
five will qualify.

THE MAN'S IN DEMAND
Scouts Are After Monte-
leone. Before June has ended,
John Monteleone of Hopewell
is likely to have signed a ma-
jor league baseball contract.
The question, actually is not
whether he will have one, but
whose offer he will decide to
accept.

Captain of the Seton Hall
team which is playing this
week in the NCAA Tourna-
ment at Omaha, Monteleone
has impressed scouts of virtu-
ally every one of the 20 big
league teams with his fielding
and hitting ability. In the two
games which the Pirates won
on Clarke Field to take the
District II title on Memorial
Day weekend, he hit a pair
of long homers that would
have gone for the distance in
virtually any park in either
league.

A three-sport star at Seton
Hall (soccer and squash are
his other two games), Monte-
leone won nine letters during
his varsity career. He was
named the top third baseman
in District II of the NCAA
(the Middle Atlantic States)
and is in the running for All-
American honors.

Monteleone graduated Sat-
urday from Seton Hall as a
major in psychology. He is the
son of Mr. and Mrs. Andrew
Monteleone of the Hopewell-
Pennington Road.

"BEST ATHLETE": Larry Madden was named "best athlete" at an awards dinner Friday at Princeton High School. A standout in football, basketball and track, Larry also won the Wolman Award, presented to the basketball player who exhibits the best leadership on the court.

MADDEN WINS AWARDS
At PHS Sports Banquet, Joe Brown, well-known sculpture of sports figures and professor of art at Princeton University was the main speaker, but it was Larry Madden who made news at the Winter Sports Award Banquet held Friday evening at Princeton High School.

The popular Madden, a three-letter athlete in football, basketball and track, won the coveted "best athlete" and Wolman awards. The William D. Wolman award is presented annually to the basketball player who exhibits the best leadership on the court.

A defensive specialist in football, Madden was co-captain of the Little Tigers this season. As a junior, he averaged 6.9 points per game in basketball but was hampered somewhat this year by injuries. Once on court, however,

he was a "take charge" player. In track, he scored consistently in the broad jump and high jump. He is also president of the school's athletic association. A second athlete singled out was Jim Beachell, recipient of the Jerry Cypress Award in track. Co-captain of the Blue and White cindermen, Beachell won the javelin event, his specialty, in ten of 13 meets this spring.

Coaches Honored. Tony Borrok, basketball coach, was given a desk set from the team members by manager Mark Strange, Gerald Groninger, head track coach, and his assistants, Dick Wood and Tom Murray, were presented with trophies for their efforts in molding the 1964 Delaware Valley and Mercer County indoor champions.

TRACK AWARD WINNER: Jim Beachell, co-captain of the Princeton High School track team, is the recipient of the Jerry Cypress Award, the school's top honor in track. Beachell excelled in the javelin.

In all, Joseph Jingoli, athletic director at PHS, presented 68 varsity letters in basketball, baseball, tennis and track. In addition, 66 junior varsity and 66 freshman certificates were awarded.

Varsity letter winners included:

Basketball: Tom Waters, David Hill, Peter Helberger, Jim Case, Larry Madden, Kerry Klink, Kim Tucker, Ron Pulling, Kim Jones, Tom Buddinger, Wilber Hines and Mark Strange.

Baseball: Jim Case, Mark Stange, Dave Muni, Mel Tindall, Rich Vomacka, Roger Meservey, Ed Weinbrecht, Fred Campbell, Ron Montague, Jeff Lowe, Ken Ward, Paul Baratt, Paul Walstad, Pete Hanley, Howard Rifkin, Bill McQuade, Lou Balestreri, Ron Pulling and Chris Fischer.

Tennis: Robin Platten, David Bussinoff, Scott Demme, Lee Maxwell, Peter Dimpel, Mathew Handelsman, Harry Stokes and Alan Kelley.

Track: Jim Beachell, Art Brooks, Roger Madden, Andrew Kullely, Bill Aiken, Bart Bennett, Pete Helberger, Larry Madden, Vincent Boccannuso, Robert Van Fleet, Alan Vomacka, Robert Peyton, Robert White, Carl Giese, Stephen Feldman, Jay Gallagher, Lyle Story, Tom Fasanella, Jim McKeever, Jerry Lyden, Larry Mueller, Jeff Bullock, Craig Beachell, Carl DeCavalcante, Peter Martinson, Jeff Rake and John Rabens.

ETS, RCA STILL TIED
Both Have Won First Five. A pair of victories last week, one in a make-up game, shoved RCA back into a first place tie with Educational Testing in the Business Softball League. Both remained unbeaten in their first five games.

RCA's victims were Hopewell TV by a 12-3 margin and Princeton Hospital, 10 to 4. Bob Neilsen was the winning pitcher on both occasions.

runs and added another safety in three at-bats, with Willie Smith also hitting for the distance.

Educational Testing's fifth triumph of the season was a 16-11 decision over last year's champions, Engineering Research. Charlie Schultz was the winner, besting Jerry Pazdan, with home runs credited to Tom Harmon of ETS and Bob Easton of ERC. Bill Dehosky of ETS had a 3-for-4 day.

In other games last week, American Cyanamid collected 24 hits good for 18 runs while Bill Blache was holding Electro-Mechanical Research to 6 runs. Murray Garber paced Cyanamid's attack with 4 for 4; Ernie Bowers was 3 for 4 for the losers and George Renton-mis hit a homer.

SCHEDULES ANNOUNCED
By PHS, Hun in Football. Varsity football schedules for the 1964 season have been released by Joseph Jingoli, athletic director at Princeton High School, and by Hawley Waterman, athletic director at Hun. Competing for the first time in the Group 4 division, PHS will play nine games this fall, one more than last year. Newcomers are Jefferson, Notre Dame and Madison, while North Plainfield and Cherry Hill have been dropped. All games will be played on Saturdays.

For their first three contests the Little Tigers, coached by Dick Wood, will be away. They will open at home October 17 against arch-rival Trenton High. The first meeting of what should develop into an intense rivalry will be the November 14th clash with Notre Dame.

Last year, the Blue and White posted a fine 5-2-1 record. Co-captains for the team are Bill Aiken, a two-year veteran at the fullback slot, and Andy Kully, hard-nosed tackle.

Hawley Waterman

Joe Jingoli

The schedule: Sept. 26, Hamilton, away; Oct. 3, Jefferson, away; 10, Hunterdon Central, away; 17, Trenton High; 24, Ewing; 31, Somerville, away; Nov. 7, Steinert, away; 14, Notre Dame; 21, Madison.

No Change for Hun. The Hun School will oppose the same eight schools it did in 1963 and in the same sequence. The only change: it will start a week later this fall, opening October 3 at Pennington Prep. Under coach Hawley Waterman, the Red and Black got off to a slow start last fall and won three, lost four, and tied one. Again this season, six of its eight contests will be Pennsylvania Conference games.

Co-captains for the Johnny Huns are Mark Savidge, quarterback, and lineman Warren Martz.

The schedule: Oct. 3, Pennington, away; 10, Perkiome; 16, Germantown Friends, away; 24, Solebury; 30, Friends Central; Nov. 6, Pingry, away; 14, George School, away; and 21, Delbarton.

AREA ATHLETES HONORED
At Hun School Banquet. Hun School athletes were awarded letters at the school's annual Spring Sports Banquet. Robert Salois, baseball and football coach at Trenton State College, was the guest speaker.

Hawley Waterman, Hun Athletic Director, presented athletic certificates to the following Princeton area boys: In lacrosse — Amos Stults, son of Mr. and Mrs. Amos W. Stults, Hopewell; Terry Marzoni, son of Mr. and Mrs. P. B. Marzoni Jr., 179 Stockton Street; Ray Soldovini, son of Mr. and Mrs. Raymond Soldovini Jr., Skillman; Mark Savidge, son of Mr. and Mrs. George S. Savidge, Lambertville; Bill Hunter, son of Mr. and Mrs. William L. Hunter, Carter Road; Peter Foster, son of Mr. and Mrs. LeBaron R. Foster, 656 Prospect Avenue; Gil Bliss, son of Mrs. June W. Bliss, 261 Moore Street; and Bill Worthington, son of Mr. and Mrs. F. J. Worthington, 101 Winant Road.

Crew — Peter Hood, son of Mr. and Mrs. Norman O. Hood, 73 Mountain Avenue. Tennis — Shawn Tully, son of Capt and Mrs. Edward J. Tully, 52 Jefferson Road; and Art Nicol, of 57 College Road W.

Bill Hunter received the Coach's Award in lacrosse and was named co-captain of the 1965 team with Mark Savidge. Art Nicol was chosen co-captain of next season's tennis squad.

BOWLING NOTES

Grover Wins Nassau League. Grover Lumber defeated Nassau Delicatessen to take first place in the final roll-off in the Nassau League last week.

High single game scorers were Larry Soll, 224; Bill Dunble, 223, and Ernie Hunt, 200, for Grover; Dewitt Boice, 231, and Bill Kiehl, 204 and 201, for Nassau Del.

Woolworth now leads the Women's Industrial League with 53 wins, with Claridge Wine & Liquor second with 52. Final roll-off, between Woolworth and Jefferson Plumbing, winners of the first half, will be held this week.

GIANTS, INDIANS WIN
Take Midget League Titles. The Palmer Square Giants have

won the National League pennant in the YMCA Midget League, and the First National Bank Indians have done the same in the American League.

In final games, the Giants, managed by Jim Merod, edged the Braves, 6-4, to gain the title, while the Indians, under the tutelage of Arnold Stroh-korb, sewed up their flag with a 3-1 decision over the Orioles. A three-game Midget World Series between the two started on Monday. The third game, if necessary, will be played Friday at the YMCA Field. Game time is 6:15.

SCHOLARSHIPS FOR CAMPERS FROM RCA: Two children will attend camp this summer for two weeks thanks to RCA Laboratories, many of whose employees contribute to a fund instead of sending greeting cards to each other at holidays. From left to right are Michael Praderand and Mrs. Joanne Johnson, both on the RCA committee, and Walter W. Sorg and Walter L. Fullman of the camp scholarship fund. The Holiday Card Fund also supports an American Indian girl in New Mexico and two school projects in Appalachia.

REED STEPS DOWN

As PU Wrestling Coach, John K. Johnston, wrestling coach and teacher at the Stevens Trade School in Lancaster, Pa., has been named head wrestling coach at Princeton University. He succeeds James J. Reed, coach for the past 30 years, who will continue as Princeton's head soccer coach and director of intramural athletics.

A 1927 graduate of Lehigh University, one of the eastern citadels of wrestling, Reed came to Princeton in 1929. He became head wrestling coach and assistant soccer coach in 1932, and was named soccer coach three years later.

He is a former champion in the 125-pound division at Lehigh and was a member of the United States wrestling squad in the 1928 Olympics held at Amsterdam. In 1934, Reed received the 25-Year Award of the American Wrestling Coaches and Officials Association for his inspiring work with amateur wrestlers.

Johnston is a 1938 graduate of Penn State where he compiled an outstanding record as a varsity wrestler. He captured the 130-pound championship in each of his three years of competition (1936-38) and was the recipient of the John Fletcher Memorial Trophy as the outstanding wrestler in the Eastern Inter-collegiate Wrestling Association tournament. In 1957, he won the NCAA championship in the 130-pound class.

At Stevens Trade School, Johnston-coached teams compiled a 49-10-1 record against college freshman and junior varsity teams. Johnston will assume his new duties Sept. 1.

REGISTER NOW

For YWCA Tennis. Registrations are now being taken for YWCA summer tennis classes which will be held in

three, three-week sessions, starting June 22.

This early registration applies only for tennis classes. The regular YWCA summer registration will be June 29-30.

News Of The CHURCHES

DR. METZGER NAMED
To New Testament Chair.
The Rev. Dr. James I. McCord, president of Princeton Seminary, has announced the establishment of the "George L. Collord Chair of New Testament Language and Literature."

The first incumbent will be Ribbick scholar Bruce M. Metzger, a member of the Seminary faculty since 1944. Dr. Metzger is a graduate of Lebanon Valley College, with graduate degrees from the Seminary and Princeton University.

The Collord Chair was established by a \$500,000 bequest of the late George L. Collord of Pittsburgh. A Presbyterian layman, he was a member of Princeton University's Class of 1899.

Dr. Metzger is an internationally-known scholar of the New Testament. He is a member of the Kuratorium of the Yetus Latina Project of the monastery of Beuron, Germany, the advisory committee of the Institute for New Testament Text Research, University of Munster, and the editorial committee of "The Journal of Biblical Literature."

The author of numerous texts, he also serves on the editorial board or boards of directors of the American Bible Society, the American School of Classical Studies (Athens), the "Index to Religio-Religious Periodical Literature," "The Critical Greek New Testament," and the standard Bible committee of the National Council of Churches.

JUDY SUCCOP ELECTED

By Messiah Youth. Miss Judy Succop has been named president of the Youth Fellowship of Messiah Lutheran Church for the coming year. Mary Reidler will serve as vice-president.

Also elected are: John Peltia, treasurer; Elida Boykin, secretary; Nelson Rose, Christian growth; Philip Spambour, publicity; and Robin Linke, Operation Kindness.

CHILDREN'S DAY SET

At Calvary Baptist. This Sunday at 10, the children's classes at Calvary Baptist Church, Walnut Lane, will give a demonstration of the work program of the past year. Mrs. Robert Westover, superintendent, has invited parents, neighbors and friends to attend.

The lead teachers at the church school this year have been Mrs. Frederick Bauer, Mrs. Kenneth Dannenhauer, Mrs. Ralph Quick and J. Roger Hite.

PLAN YOUTH SERVICE

At Second Church. A Christian Education Day worship service will be held at 10 this Sunday at Second Presbyterian Church, marking the close of the Church School year.

Frank Uptake, superintendent, will present all departments at the beginning of the service. Certificates of promotion will be presented by department superintendents: Mrs. Harry Norlander, Mrs. Ralph Mason, Mrs. H. L. Cooke, Mrs. Nicholas L. Carnevale and Mrs. Roger McDonough.

The Rev. F. Hugh Liffiton will give the sermon "Responding to the Highest" and present Bibles to all children entering the junior department.

Others to take part are Mrs. Lester Cleo, chairman of the Christian Education Commission and William Sheppard, student assistant. Junior and senior high members will be usher and greeters. A congregational meeting will follow the service.

BULLETIN NOTES

Ordination, James Forte, a member of Lawrenceville Presbyterian Church, will be ordained to the ministry at 7:30 p.m. this Thursday at the church. A graduate of the United States Naval Academy and a former member of the Marine Corps, he is married and has two children. For the past three years he had taught a junior high class at the Sun-

Obituaries

Jack J. Bayard, 52, of 36 Vandeventer Avenue, died June 7 in Princeton Hospital after a brief illness. He was the husband of Mrs. Elizabeth L. Bayard.

An Army captain in the south Pacific during World War II, Mr. Bayard had been manager of Springdale Golf Club for the past three years.

Also surviving are two daughters, Mrs. Rulan Ratliff of Santa Clara, Calif., and Mrs. Gerald W. Walston of Dallas, Texas; a sister, Mrs. Emmett Mullen of Oakland, Calif., and five grandchildren.

The service and interment were held in Arlington National Cemetery. Arrangements were under direction of the Mather Funeral Home.

Memorial gifts may be sent to the Princeton Hospital Building Fund.

Daniel Applegate, 68, of 12 North Greenwood Avenue, Hopewell, died June 8 at Veterans Hospital, East Orange, after a lengthy illness.

Born in Jersey City, he had been a resident of Princeton for most of his life. Mr. Applegate was a railway engineer who had been employed by the Pennsylvania railroad.

He is survived by his wife, Mrs. Alice Dohm Applegate; a daughter, Miss Silvia Applegate of Newark; two sisters, Mrs. William Carlisle and Mrs. Edward Lloyd, both of Princeton; and a brother, Randolph R. of Bay Head.

A private service will be held Friday at the Kimble Funeral Home, with the Rev. Dr. Robert R. Spears, rector of Trinity Episcopal Church, officiating. Interment will be in Beverly National Cemetery.

Mrs. Gertrude E. Korobchenski, 67, died June 8 at her home, 10 Reading Street, Pennington. She was the wife of Victor M. Korobchenski.

Born in Newark, she lived in Pennington most of her life. She was the sister of Mayor Ernest Adler of Hopewell.

Also surviving are two daughters, Mrs. Ruth Wesloski of Pennington and Mrs. Adelaide Ewing of Lambertville; a son, Paul McCarty of Trenton; four sisters, Mrs. Emilie Hart of Hopewell, Mrs. Ruth Homer of Ocean City, Mrs. Adelaide Garland of Allentown, Pa., and Mrs. Helen Durling of Elizabeth; grandchildren and nieces and nephews.

The service will be held at 11 Thursday at the Fair Funeral Home, Hopewell, the Rev. John H. Ginter, pastor emeritus of Hopewell Presbyterian Church, officiating. Interment will be in Highland Cemetery. Friends may call Wednesday evening.

NEW. EXCLUSIVE. IN RIVERSIDE.

Sheltered lot seems miles away, but is within short walking distance of Riverside school. Large enough for complete privacy (1/4 acre) but very little care required (many tall trees, evergreens, perennials, brick patio, 18' x 38' free-form pool, etc.).

Large family home for easy living. Unusually attractive living room with brick-walled fireplace, bookshelves, 4 bedrooms, 2 baths plus guest room and bath. Family kitchen (approx. 14' x 22') is complete in every detail.

Many thoughtful extras such as 2 entrances to mudroom, one to extra-size double-garage, other convenient to pool. Screened porch, darkroom in basement. The asking price of \$60,000 is a true estimate for this spacious and beautiful home.

AUCTION

GENTLEMAN'S COUNTRY ESTATE

16 ACRES—POOL—BARN—CARRIAGE HOUSE

Routes #202 & 263 (Old York Road) Buckingham, Pa.

Directly opposite the Buckingham Post Office

Sale held on premises.

2 p.m. (DST) SAT., June 20, 1964

In 1793 a home was a man's palace. It was constructed of solid stone to serve generations, decorated in soft Williamsburg colors and rich paneling, designed with ample room to entertain week-end guests or to enjoy large formal parties. It was located in a setting of century old trees, thick shrubbery and professional landscape, and then this gentleman's palace was encircled with three foot stone walls and imported French chestnut picket fencing to provide complete privacy from outside influences. That was in 1793, and today, one hundred seventy-one years later, a man's home is still his palace. The only difference is that a home of the type we are speaking is rarely found in 1964.

This authentically restored eighteenth century MANOR HOUSE has five bedrooms (two with fireplaces), three baths, living room, dining room and library (each with fireplace), powder room, wine cellar and large basement. THE FORMER CARRIAGE HOUSE has been converted to a paneled recreation room with bar, fireplace and second floor guest apartment. THE BARN is used as a 3 car garage with equipment storage area and dog kennels plus spacious convertible second floor. There is also a 40,000 gallon kidney shaped SWIMMING POOL constructed of certified concrete reinforced with both wire mesh and half-inch steel bars, in which water is filtered every eight hours.

This historic estate, on a total of 16 acres, will be offered in two parcels or an entire PARCEL #1 will be the estate and 915 acres PARCEL #2 is 6 E4 acres of vacant ground.

ELECTRIC LIVING GUIDE

HEATING, LIKE CLOTHING PURCHASES, ON YEAR AROUND BUYING

Electrical Utilities Offer Even Payments Plans

If you want the newest, summer linen shift, says the merchandising man, you now buy it most likely before the season starts. "You're no longer limited to 'buy in season, pay in season.'"

Off season paying is in vogue, too, for users of electrical heating. The system evens off much more soundly, however.

For example: where the 10-payment plan is available to users of electrical heating the utility company estimates the homeowner's probable consumption of electricity for the next twelve months (that's for all other electrical usage, too, in addition to the heat).

Then, the utility company divides by 10, starts billing in September. If they've figured higher than your actual usage, you get credit toward the next season. If, of course you've used more, then you pay more. But it's still painless. The bill doesn't come until July.

WHEN TO INSTALL ELECTRICAL HEATING

When is the best time to convert to electrical heating?

"Well though summer is of course the easiest, actually it can be done at any time of the year for many homes."

"Depends on how extensive the supplementary insulation and reconstruction is going to be," notes a builder.

"Mind you, the electrical heating equipment installation itself is not costly. Very reasonable in fact . . . and fast."

"Once in a while where reconstruction is going to be extensive, a family will want to move out for a spell. Most of them don't, however, just shift away from the area being worked and consolidate elsewhere."

"Carrying on practically normal life in a house in the process of reconversion is for most families then, a touch more practical in summer months, because there's no cold weather to contend with on the day between the removal of the old and the activating of the new."

"Another thing — electrical heating is pretty comforting to have around in the summer. Where you'd never dream of starting up the old system (in fact maybe the boiler was being cleaned in the good old summertime?) a touch of electrical heating can keep the balm in summer even on rainy days."

QUESTION BOX

Q. We have decided on an electrically heated house when we move . . . but have heard pros and cons about installed appliances. Can you give us information.

A. A building firm head advises "as much equipment as possible because:"

• Builder-installed appliances can probably be included in the mortgage.

UP-DATE... ANTIQUE HEATING NOW!

This elegant relic reminds us of bygone days. Be elegant, better your days ahead with total electric home heating.

- The more extras (and there are plenty of people who would hardly call dryers and dishwashers "extra!") the greater the value of the house.
- It's a long run saving because you'll probably want the same equipment eventually, but you'll pay more for it because individual purchase deprives you of builders' bulk rates.
- Builder chosen appliances fit. You may have a tougher time shopping around for the right size washer for example, or the right disposal.

In a recent poll of home owners who elected to skip the extras, 55% said they wished they'd done differently. 40% had already made the major purchases on their own.

Q. What is the present total of American homes heated by electricity? What is expected for the future?

A. As of the end of 1983, there were 1.6 million electrically heated homes in the United States with practically the entire total having either been built within the preceding three years, or having been reconstructed during the same period. According to a statement from the Electrical Heating Association, there will be 19 million electrically heated homes in this country by 1990.

Q. What's the story about collar beams and insulation?

A. According to the National Mineral Wool Association's recommendations for the insulation of electrically heated houses: "Ventilation above the collar beams is mandatory." It adds these cautions: "In addition be sure to leave space for ventilation between the insulation and roof sheathing when attaching insulation to rafters. "Use plenty of staples no more than six inches apart to avoid gaps along the stapling flange."

Q. Are construction standards uniform throughout the country for basement insulation?

A. No. R-11 is recommended in really cold country such as Buffalo or Minneapolis. And that's what you can have in any part of the country if you want. R-3 is considered entirely adequate for New York-New Jersey, however.

Where winters are "unusually mild", such as Atlanta, R-7 is considered adequate.

By **JOHN F. BERNARD**

"Gay Lutetia" may not kindle any fires in you, but
Paris was known as Lutetia until the sixth or seventh
century . . . Note to President Johnson. Jefferson retired
from office 20 grand in debt . . . Actor William Holden is
said to be the first to wear the squared-off pocket hand-
kerchiefs, and he explains it thusly: "That's the way they
came back from the laundry—and I'm lazy . . . tip for
hunters and other outdoorsmen: Castor oil rubbed into
the hands prevents chapping . . .

Even a president can lose when his affairs are con-
trolled loosely. You, too, can lose in the end although
you may have several heavy insurance policies. The cov-
erage must be tailored to the need in order to balance
out your affairs. That's exactly what we do for you here
at STURHAHN, DICKENSON & BERNARD, 15 Chambers
Street. We make sure you won't loose. Call 921-6880 for
consultation and find out how we do it. "Always remem-
ber fair claim settlement is our most important product."

Phone any time about these or many other fine homes.

A CENTURY AGO, this house was new . . . and its beautiful shade trees were saplings, and the sleepy village of Hopewell where it stands was a long buggy ride away from Princeton. Today its Colonial charm, plus TV room (with fireplace) and powder room and 4 bedrooms and a great big kitchen where the entire family can breakfast make it just as lovely a place to live in as it ever was . . . yet Hopewell is now only 15 minutes away. \$32,000

COLONIAL . . . this 2-story home is everything that the prudent investor is looking for: 4 bedrooms, 1 full bath and powder room, a fine living room with fireplace, separate dining room, modern kitchen with dishwasher and disposal and a garage with plenty of storage space. Siding is aluminum, which means low maintenance. \$35,000

EXCLUSIVE . . . here is a fine 2-story Colonial, built three years ago, which has a center hall, a beautifully proportioned living room with fireplace, a separate dining room, a comfortable family room and a very modern kitchen and laundry on its first floor. Second floor: 4 bedrooms, 2 baths, 2-car garage. Convenient to schools and the Shopping Center, this fine home should be seen before you decide. \$38,000

RENTAL . . . unfurnished . . . fine 4 bedroom house on a quiet, tree-lined street in beautiful Hopewell. Available July 1. \$165

AIR CONDITIONED . . . here is a beautiful 4 bedroom home, close to school and in the Borough. Carpeted throughout. 2 baths and a powder room. This is, perhaps, as close to being the ideal modern home as anything available in Princeton — a residence to put near the top of your list of places that must be considered. \$49,900.

SHEER BEAUTY . . . now that the splendor of its shade trees provides the perfect background for its professional landscaping, you will see why this is, perhaps, our favorite dwelling. 3 bedrooms, a beautiful family room that could be another bedroom and 2½ baths. Use of swimming pool and tennis courts. \$66,500

MERCER ROAD . . . people who live on what is, no doubt, Princeton's most famous street, tend to stay put. Availabilities here are rare. Now, though, we have a Georgian Colonial, with 5 bedrooms, 3 baths and powder room, which offers almost everything that is desirable in country living, including being next door to Battlefield Park, where you can practice your iron shots every morning before breakfast. \$79,000

EXCLUSIVELY OURS

We believe in providing service above and beyond our regular duties as realtors when we contract for an exclusive listing. In order to be able to perform that service well, we do not go after any and every house just to add quantity to our exclusive supply. Therefore, when we described a house as "EXCLUSIVELY OURS", you can be sure there is a good reason for it. The following are listed with, briefly, the reason for their "particularity."

a) 3 bedroom, 2 bath ranch Broad-Ridge Drive. No "mañana" & "make-up" but price in area is still very good \$27,500

b) 3 bedroom, 1 1/2 bath two-story Convenient Twp. area. Secluded fenced lot. Condition immaculate. Good work or money beyond asking price \$28,500

c) 3 bedroom, 2 bath more-attractive-than-average ranch with contemporary atmosphere. Good lake area location. \$38,500

d) 2 bedroom plus den, 2 bath ma-sony ranch. Unique, wooded, 2 1/2 acre setting close to town, house appeal, construction, area make expansion highly worthwhile. Perfect, however, as is \$41,500

e) 11 room, 3 1/2 bath Colonial town house. New decoration, old appeal. Space and nice West End location good combination at \$58,000 (Slightly less might take it.)

THE BOROUGH OF PRINCETON
POLICE DEPARTMENT
and the Princeton Small Animal Rescue League wish to remind people who are going away on vacation or leaving town permanently that to leave a dog, cat or other animal unprovided for is a misdemeanor punishable by a fine of \$30 dollars, six months' imprisonment, or both.

THE SMALL ANIMAL RESCUE LEAGUE points out that it is far better to have an animal humanely destroyed than to abandon it, as is too often done. Mrs. Graves, Director of the Lost, Found and Adoption Service of the Small Animal Rescue League, 921-6122, is always glad to answer inquiries concerning such problems. 6-11-1f
